Chapter 1

Application and General Provisions

■ Release 49 ● Jul 2025

1.1 **PURPOSE**

- 1.1.1 [deleted]
- G 1.1.2 The rules and guidance in this sourcebook will assist the appropriate regulator to meet the statutory objectives. This sourcebook does so by setting minimal capital and other risk management standards thereby mitigating the possibility that firms will be unable to meet their liabilities and commitments to consumers and counterparties.
- 1.1.3 The general scheme of this sourcebook is, wherever appropriate, to apply the financial and other prudential standards which applied to a firm immediately prior to it becoming authorised by the appropriate regulator under the Act. For convenience, the chapter numbers adopted in this sourcebook correspond with those of the rulebooks of previous regulators.
- G 1.1.3A This sourcebook does not apply to a MIFIDPRU investment firm (unless it is a collective portfolio management investment firm).
- 1.1.3B R [deleted]
- R 1.1.4 This sourcebook does not apply to banks, building societies, insurers, the Society of Lloyd's (except in relation to underwriting agents), friendly societies and certain other categories of firm and members' advisers.
- 1.1.5 On becoming authorised by the appropriate regulator a firm will have to comply with the particular chapter of this sourcebook appropriate to its business. The firm will be able to seek guidance on this during the authorisation procedure. If subsequently, the business for which a firm has permission changes it may be necessary for it to comply with a different set of financial resources requirements. Firms will be able to discuss this aspect with the appropriate regulator during the application process.

The Supervision manual sets out provisions relating to the periodic reporting and notification of financial information to the appropriate regulator or to the auditing of accounts. However, this sourcebook contains a few additional notification requirements (notification rules).

1.2 APPLICATION

- 1.2.1 The Glossary applies to the transitional provisions, this chapter (IPRU-INV 1), ■ IPRU-INV 2, ■ IPRU-INV 4, ■ IPRU-INV 6, ■ IPRU-INV 11 and ■ IPRU-INV 13.
- 1.2.2 R (1) IPRU-INV applies to:
 - (a) a members' adviser;
 - (b) an investment management firm;
 - (c) a personal investment firm;
 - (d) an authorised professional firm;
 - (e) a securities and futures firm;
 - (f) a service company;
 - (g) the Society of Lloyd's (in relation to underwriting agents);
 - (h) [deleted]
 - (i) [deleted]
 - (i) [deleted]
 - (k) a collective portfolio management firm; and
 - (I) a collective portfolio management investment firm.
 - (2) IPRU-INV does not apply to:
 - (a) a lead regulated firm; or
 - (b) a media firm; or
 - (c) a MIFIDPRU investment firm (unless it is a collective portfolio management investment firm).
 - (d) [deleted]
 - (3) The definitions in the Glossary (which is applicable to the Handbook generally) apply to this chapter.
- 1.2.3 G For the avoidance of doubt, IPRU-INV does not apply to any of the following:
 - (a) a bank; or
 - (b) a building society; or
 - (ba) a designated investment firm; or

- (c) a friendly society; or
- (d) an ICVC; or
- (e) [deleted]
- (f) an insurer.
- (g) [deleted]

Obligation to Comply

1.2.4 A firm of a kind listed in the left-hand column of Table 1.2.4R must comply with the provisions of IPRU (INV) shown in the right hand column and, where relevant, the provisions of Chapter 14.

CAPITAL SUBSTITUTES: TRANSITIONAL PROVISION

1.2.6 G

The financial resource requirements of the Financial Services Act regulators permitted certain types of borrowings or facilities to be treated as part of a firm's capital resources. The most common example is that of a subordinated loan which met the relevant conditions. The following provisions permit firms to continue to use these borrowings or facilities in the same way as under the relevant previous regulator's rules, provided that certain conditions are met.

1.2.7 R

(1) If a *firm* was, immediately before *commencement* permitted to treat "relevant funds" as part of its capital resources under the financial resource rules of a *previous regulator* applicable to the *firm*, it may treat those funds in an equivalent manner under the corresponding provisions of *IPRU-INV*, provided that the conditions in (3) are met.

- (2) For the purposes of this rule "relevant funds" are funds provided to the firm under the terms of
 - (a) a subordinated loan agreement; or
 - (b) qualifying undertaking; or
 - (c) any other instrument treated in an equivalent manner under the financial resources rules applicable to the firm.
- (3) The conditions referred to in (1) are either:
 - (a) in the case of a subordinated loan agreement, qualifying undertaking or other relevant instrument to which the firm's previous regulator is not party:
 - (i) the parties to it treat all rights (including, without limitation, rights to notice) which the agreement, undertaking or instrument grants to the firm's previous regulator as having been granted to the appropriate regulator; and
 - (ii) if there is a variation of the commercial terms the parties include, in the terms of the instrument executed to effect the variation, provision to substitute reference to the appropriate regulator in place of any reference to the firm's previous regulator; or
 - (b) in the case of a subordinated loan agreement, qualifying undertaking or other relevant instrument to which the firm's previous regulator is party, the parties treat the rights accorded to the self regulating organisation under the relevant instrument as having been assigned to the appropriate regulator immediately before commencement.

1.2.8 G [deleted]

Interim Prudential Sourcebook for Investment Businesses

Chapter 2

Authorised professional firms

■ Release 49 ● Jul 2025

APPLICATION 2.1

2.1.1

R

- (1) This chapter applies to an authorised professional firm in accordance with ■ IPRU-INV 2.1.2R and ■ IPRU-INV 2.1.3R.
- (2) The definitions in the Glossary apply to this Chapter.
- 2.1.2 G
- (1) An authorised professional firm of a kind falling within (2) must comply with such of ■ IPRU-INV 3, ■ 5 or ■ 13 which in accordance with ■ IPRU-INV 2.1.4R, most appropriately correlates to the type and scale of the business which it conducts.
- (2) The type of authorised professional firm to which (1) applies is one:
 - (a) [deleted]
 - (b) which acts as a market maker;
 - (c) which acts as a stabilising manager;
 - (da) which acts as a small authorised UK AIFM or a residual CIS operator;
 - (db) which acts as a depositary;
 - () which acts as a broker fund adviser or otherwise participates in a broker fund arrangement;
 - () whose main business, having regard to (3), is not the practice of its profession or professions:
 - () whose permission includes a requirement that it acts in conformity with the financial resources rules applicable to another type of *firm*; or
 - () whose permission includes establishing, operating or winding up a personal pension scheme.
- (3) For the purposes of (2)(f), a firm's professional business practice is not the "main business" of the firm unless the proportion of income it derives from professional fees is, during its annual accounting period, at least 50% of the firm's total income (a temporary variation of not more than 5% may be disregarded for this purpose).
- (4) An authorised professional firm which, in accordance with (1), is required to comply with ■ IPRU-INV 3, ■ 5 or ■ 13 must immediately give notification of that fact to the FCA in accordance with ■ SUP 15.7 (Forms and method of notification).

2.1.3 R An authorised professional firm which does not fall within ■ IPRU-INV 2.1.2R must comply with sections 2.2, 2.3 and 2.4 of this chapter.

2.1.4 G This table belongs to ■ IPRU-INV 2.1.1R

TYPE OF BUSINESS ACTIVITY

CHAPTER OF SOURCEBOOK

(i) managing investments other than for retail clients; or

Investment management firm - IPRU-INV 5

- (ii) OPS activity; or
- (iii) [deleted]
- (iv) [deleted]

(iva) acting as trustee or depositary of a UK UCITS; or

- (ivb) managing an AIF; or
- (ivc) acting as trustee or depositary of an AIF; or
- (v) acting as a residual CIS operator; or
- (va) establishing, operating or winding up a personal pension scheme; or
- (vi) safeguarding and administering investments;
- (i) advising on, or arranging deals in, packaged products; or
- (ii) managing investments for retail clients;

Personal investment firm - IPRU-INV 13

- (i) a regulated activity carried on as a member of an exchange; or
- (ii) acting as a *market maker* in *securities* or *derivatives*; or

Securities and futures firm (which is not a MiFID investment firm) - IPRU-INV 3

- (iii) corporate finance business; or
- (iv) dealing or arranging deals in securities or derivatives, other than interprofessional investments; or
- (v) the provision of clearing services as a *clearing firm*; or
- (vi) spread betting;

(vi) spread betting;

2.1.5 G An authorised professional firm will be a MiFID investment firm if its business activities include the provision of investment services and/or activities for a third party. An authorised professional firm will not however be a MiFID investment firm if it falls within one of the exclusions contained in Article 2

of MiFID. Article 2(1)(c) provides an exclusion for an authorised professional firm which provides investment services and/or activities in an incidental manner in the course of a professional activity and that activity is regulated by the firm's designated professional body.

2.1.6

G

The FCA considers the scope of this exclusion cannot be precisely defined. Ultimately questions of interpretation are for the Court to determine. The FCA considers that to satisfy the exclusion the services cannot be the major part of the practice of the firm. The FCA also considers the following factors to be among those that are relevant:

- (1) the scale of regulated activity in proportion to other professional services provided;
- (2) whether and to what extent activities that are regulated activities are held out as separate services;
- (3) the impression given as to how the firm provides regulated activities, for example through its advertising or other promotions of its service.

2.1.7

The activities that a full-scope UK AIFM and a UCITS management company are allowed to perform are restricted by ■ COLL 6.9.9R and ■ FUND 1.4.3R (as applicable). As such, an authorised professional firm cannot be a collective portfolio management firm or a collective portfolio management investment

2.2 FINANCIAL RESOURCES REQUIREMENTS

- 2.2.1 G
- (1) A firm must be able to meet its liabilities as they fall due.
- (2) In complying with (1) a *firm* may use any assets which are available to meet any of its liabilities.
- 2.2.2 G

Firms are reminded that:

- (1) requirements relating to the systems and controls which *firms* must establish and maintain for ensuring compliance with financial resources and other requirements are set out in *SYSC*.
- (2) the financial reports that a *firm* is required to make to the *FCA* are set out in SUP 16.

■ Release 49 ● Jul 2025

2.3 **PROFESSIONAL INDEMNITY INSURANCE**

- G 2.3.1 A firm must effect and maintain at all times adequate professional indemnity insurance cover for all the business activities which it carries on, or for which it is responsible.
- 2.3.2 In assessing the adequacy of a firms' professional indemnity insurance cover for the purposes of ■ IPRU-INV 2.3.1R, the FCA may have regard to a firm's compliance with the professional indemnity insurance requirements of its designated professional body in force at the time.

IPRU-INV 2/6

2.4 BONDING REQUIREMENT FOR ACCOUNTANTS

- 2.4.1 R This section applies to a *firm* of accountants practising as such in the UK.
- 2.4.2 (1) If the aggregate value of *client money* and *bonded investments* a *firm* holds for a *client* is over £50,000 then the *firm* must ensure that it holds a bond for the excess over £50.000.
 - (2) A firm must:
 - (a) ensure that the bond is in the form prescribed by the FCA;
 - (b) ensure that the *person* specified to act as trustee in the bond is a designated professional body or a solicitor practising as such in the UK;
 - (c) ensure that the bond is lodged with the trustee; and
 - (d) be able at all times to show that the amount of the bond is sufficient to meet the requirements of (1).
- 2.4.3 R | A firm must notify the FCA immediately:
 - of any bond taken out specifying the amount and where it is lodged;
 and
 - (2) of the arrangements it has made to comply with IPRU-INV 2.4.2R if a bond is not renewed or is cancelled.
- 2.4.4 G

 (1) Firms which hold client money or bonded investments for more than one client, may hold one bond to cover all of the clients concerned. The bonding requirements may be complied with by taking out a global bond. In firms with numerous offices compliance may be achieved in practice by calculating the requirement based on figures supplied by offices which is likely to be at least quarterly. These figures would need to be supplied and assessed soon after the end of each quarter.
 - (2) To ensure the global cover is sufficient, this approach would require an estimated safety margin to be incorporated, to allow for changes in the amounts of *client money*, *investments* or assets held. An additional prudent measure would be to ensure that exceptional amounts of these assets are notified by branch offices so that the *firm* can check whether the safety margin can absorb them and reconsider whether the total global bond cover remains sufficient.

2.4.5 G Firms which do not expect to hold bonded investments or client money in excess of the value limit need not hold a bond. However, firms may wish to make contingency arrangements with a surety whereby a bond facility is available and can be executed and delivered at short notice.

Chapter 4

Lloyd's Firms

■ Release 49 ● Jul 2025

4.1 **APPLICATION**

- 4.1.1 This chapter applies to the Society and members' advisers.
- 4.1.2 R This chapter does not apply to a members' adviser which is subject to another chapter of IPRU-INV.
- D 4.1.3 The directions in ■ IPRU-INV 4.4.1D to ■ IPRU-INV 4.4.5D and ■ IPRU-INV 4.5.1D are given to the Council and to the Society acting through the Council.

4.2 PURPOSE

- 4.2.1 G This chapter identifies the financial resource requirements and requirements as to accounts and statements to be met by certain *firms* conducting business at Lloyd's.
- 4.2.2 G The directions in IPRU-INV 4.4.1D to■ IPRU-INV 4.4.5D and IPRU-INV 4.5.1D are given under section 318 of the *Act* (Exercise of powers through Council), for the purpose of achieving the objective specified, as required by section 318(2) of the *Act*, in IPRU-INV 4.3.1D.
- 4.2.3 G Underwriting agents are subject to regulation by the Society as well as by the appropriate regulator. In particular, they are subject to requirements as to their financial resources and as to making and maintaining accounting records, set by the Society. The appropriate regulator is satisfied that underwriting agents will be subject to adequate financial resource and accounting requirements as long as they remain subject to and comply with requirements at least equivalent to Lloyd's Capital and Solvency Requirements 2001 and the relevant parts of, or requirements made under Lloyd's Underwriting Agents Byelaw (No. 4 of 1984), in each case as amended and in force immediately before commencement. Accordingly, instead of imposing an obligation directly on members' agents, the directions in ■IPRU-INV 4.4.1D to ■IPRU-INV 4.4.5D and ■IPRU-INV 4.5.1D require the Society to require those firms to comply with the relevant requirements.
- 4.2.4 G A members' adviser is not regulated by the Society and accordingly this chapter specifies the financial resource and accounting requirements to be met. Firms which fall within the scope of this chapter will be firms with permission only to advise persons on syndicate participation at Lloyd's. The nature of that advisory business is akin to corporate finance advice and so the applicable requirements are those in ■IPRU-INV 3 relevant to firms giving corporate finance advice. Firms with other permissions will fall within the scope of other chapters of IPRU(INV), MIFIDPRU or INSPRU.

4.3 SPECIFICATION OF OBJECTIVE

4.3.1

The directions in ■ IPRU-INV 4.4.1D to ■ IPRU-INV 4.4.5D and ■ IPRU-INV 4.5.1D are given in relation to the exercise of the powers of the Society and of the Council generally, with a view to achieving the objective that members' agents have adequate financial resources to support, and keep and preserve adequate accounting records in respect of their business at Lloyd's.

4.4 FINANCIAL RESOURCE REQUIREMENTS

- The Society must maintain appropriate and effective arrangements to require members' agents to meet and continue to meet financial resource requirements at least equivalent to the requirements set out in Lloyd's Capital and Solvency Requirements 2001, as they are in force immediately before commencement.
- The Society must give the FCA a report on each members' agent's compliance with the financial resource requirements referred to in ■IPRU-INV 4.4.1D as at the end of each quarter (determined by reference to each underwriting agent's accounting reference date).
- The report referred to in IPRU-INV 4.4.2D must reach the FCA within two months of the end of the relevant quarter and must state:
 - (1) whether the *Society* has any information indicating or tending to indicate that, during the quarter to which the report relates, the *members' agents* failed to meet the financial resource requirements referred to in ■IPRU-INV 4.4.1D;
 - (2) whether, at the end of the quarter to which the report relates, the *members' agents* failed to meet the financial resource requirements referred to in ■IPRU-INV 4.4.1D; an
 - (3) the nature and extent of any failure to comply reported under (1) or (2) and the actions taken or to be taken by the *Society* in response to this.
- In addition to the reports required under ■IPRU-INV 4.4.2D, the Society must give the FCA an annual report on each members' agents compliance or non-compliance with financial resource requirements as at the end of that members' agent's financial year.
- The report in ■IPRU-INV 4.4.4D must reach the FCA within seven months of that members' agent's accounting reference date and must:
 - (1) confirm that:
 - (a) the Society has received from that members' agent in respect of the financial year to which the report relates, all relevant attachments to the Annual Financial Return that the members'

- agent is required to make to the Society under the requirements identified in ■ IPRU-INV 4.4.1D;
- (b) that members' agent met the applicable financial resource requirements at the end of the financial year to which the report relates; and
- (c) the Society is not aware of any matters likely to be of material concern to the FCA relating to that members' agent's compliance with financial resource requirements during the year to which the report relates, or arising from the attachments referred to in (a);
- (2) if the Society is unable to give any of the confirmations required under ■ IPRU-INV 4.4.5D (1)(a), (b) or (c), set out in each case the reasons why it is unable to give that confirmation.
- 4.4.5A D The Society must submit the reports in ■ IPRU-INV 4.4.2D to ■ IPRU-INV 4.4.5D in accordance with the *rules* in \blacksquare SUP 16.3 (General provision on reporting).
- 4.4.6 R A members' adviser must comply with the requirements of IPRU-INV 3-60(3) and IPRU-INV 3-62.

4.5 ACCOUNTING RECORDS

- The Society must maintain appropriate and effective arrangements to require members' agents to meet the obligation to keep and preserve accounting records, set out in Lloyd's Underwriting Agents Byelaw (No 4 of 1984), Section III, paragraph 53B, as it is in force immediately before commencement.

Interim Prudential sourcebook for investment businesses

Chapter 5

Financial resources

■ Release 49 ● Jul 2025

5.1 **Application**

5.1.1 R

- (1) (a) This chapter applies to an investment management firm, other than:
 - (i) [deleted]
 - (ii) a MiFID investment firm.
 - (aa) This chapter applies, as set out in IPRU-INV 5.1.2R, to:
 - (i) [deleted]
 - (ii) OPS firms;
 - (iii) non-OPS Life Offices and non-OPS Local Authorities; and
 - (iv) individuals admitted to membership collectively.

5.1.2 R

IPRU-INV 5.3.1R No (1) to 5.3.1R(6)

Note 1. *Firms* are referred to the specific compliance reports for **OPS firms** required by Chapter 16 of the Supervision manual.

Note 2. A *firm* subject to "lead regulator arrangements" whereby a body other than the *FCA* is responsible for its financial regulation shall comply with the corresponding **financial resources rules** and **financial returns** rules of that body, and a breach of such rules shall be treated as a breach of the rules of the *FCA*.

5.1.3 R [deleted]

Interpretation

- The definitions in the glossary at IPRU-INV 5 Appendix 1 apply to terms shown in **bold** type in this chapter (other than headings and titles). Where the term is italicised, the *FCA Handbook Glossary* definition applies.
- 5.1.5 R Any reference in IPRU-INV 5 to the *UK CRR* is to the *UK CRR* in the form in which it stood at 31 December 2021.

5.2 **General requirement**

Adequacy of financial resources

5.2.1 R A firm must at all times have available the amount and type of financial resources required by the rules in this chapter.

Basic requirement

A firm must ensure that, at all times, its financial resources are not less than 5.2.2 its financial resources requirement.

Financial resources

5.2.3 R A firm's financial resources means:

- (a) its own funds, if the firm is subject to an own funds requirement under ■ IPRU-INV 5.4.2R; or
- (b) its liquid capital, if the firm is subject to a liquid capital requirement under ■ IPRU-INV 5.4.1R.

5.3 Financial resources

Own funds

- A firm must calculate its **own funds** in accordance with ■IPRU-INV 5.8, unless the firm has a Part 4A permission for acting as trustee or depositary of a UK UCITS.
- For a firm that has a Part 4A permission for acting as trustee or depositary of a UK UCITS, own funds has the meaning in article 4(1)(118) of the UK CRR.

Liquid capital

- 5.3.3 R
- (a) A *firm* must calculate its **liquid capital** in accordance with IPRU-INV 5.8.
- (b) In addition to the above, a *firm* whose **permitted business** includes establishing, operating or winding up a personal pension scheme must comply with:
 - (i) the requirements in relation to the realisability of **liquid capital** found in Note 2 of IPRU-INV 5.9.1R; and

.....

(ii) the limitation in respect of Item 14 of ■IPRU-INV 5.8.2R, not to include net **trading book** profits in the *firm's* **liquid capital** calculation.

5.4 Financial resources requirement

Determination of requirement

- 5.4.1 The financial resources requirement for a firm is a liquid capital requirement, determined in accordance with ■ IPRU-INV 5.4.10R:
 - (i) unless the firm falls within any of the exceptions in IPRU-INV 5.4.2R.
 - (ii) [deleted]

Exceptions from the liquid capital requirement

- 5.4.2 The financial resources requirement is an own funds requirement determined in accordance with ■ IPRU-INV 5.4.3R for a firm if its permitted business does not include establishing, operating or winding up a personal pension scheme and where:
 - (i) [deleted]
 - (ii) (a) the firm's permitted business does not include the holding of customers' monies or assets and it neither executes transactions (or otherwise arranges deals) in **investments** nor has such transactions executed for itself or its customers: or
 - (b) the firm's permitted business includes the activities as in (a) above, but only in respect of venture capital investments for nonretail clients: or
 - (c) the firm is a trustee of an authorised unit trust scheme whose permitted business consists only of trustee activities and does not include any other activity constituting specified trustee business or the firm is a depositary of an ICVC or ACS or a depositary appointed in line with ■ FUND 3.11.12R (Eligible depositaries for UK AIFs) or a UK depositary of a non-UK AIF whose permitted business consists only of depositary activities.
 - (d) the firm's permitted business limits it to acting a residual CIS operator or a small authorised UK AIFM where the main purpose of the collective investment scheme or AIF (as applicable) is to invest in *permitted immovables* whether in the *UK* or abroad.

Own funds requirement

- The **own funds requirement** for a *firm* subject to ■IPRU-INV 5.4.2R is the higher of:
 - (i) £4 million for a *firm* which is a *depositary* of an *authorised fund*, if the *authorised fund* is an *AIF*;
 - (ia) €125,000 for a *firm* which is a *depositary* appointed in line with ■FUND 3.11.12R (Eligible depositaries for UK AIFs) or a *UK depositary* of a *non-UK AIF*;
 - (ib) for a firm which is a depositary of a UCITS scheme, the higher of:
 - (A) the requirement calculated depending on the selected approach in accordance with articles 315 or 317 of the *UK CRR*; and
 - (B) £4million; and
 - (ii) £5,000 for any other firm.
- **5.4.4** R [deleted]
- 5.4.5 G In accordance with IPRU-INV 5.4.3R(ib)(A), a firm which is a depositary of a UCITS scheme has a choice between:
 - (a) the basic indicator approach in article 315 of the UK CRR; and
 - (b) the standardised approach in article 317 of the UK CRR.
- 5.4.6 G If a *firm* that is the *depositary* of a *UCITS scheme* is seeking to determine its **own funds requirement** on the basis of the standardised approach in article 317 *UK CRR*, it should notify the *FCA* in advance.
- **5.4.7 G** [deleted]
- A firm which is the depositary of a UCITS scheme must comply with the rules in IFPRU 2 as it applied on 31 December 2021, as if it were an IFPRU investment firm that is not a significant IFPRU investment firm.
- **5.4.9 G** [deleted]

Liquid capital requirement

- 5.4.10 R The liquid capital requirement for a firm subject to IPRU-INV 5.4.1R is:
 - (i) for a firm whose **permitted business** includes establishing, operating or winding up a personal pension scheme, the higher of (A) £20,000, and (B) the calculation from IPRU-INV 5.9.1R;
 - (ii) for any other *firm*, the higher of (A) £5,000 and (B), its *total capital requirement* calculated in accordance with IPRU-INV 5.4.12R.

5.4.11 G

- (1) This guidance applies to a firm whose permitted business includes establishing, operating or winding up a personal pension scheme for the purpose of ■ IPRU-INV 5.9.1R.
- (2) A firm should:
 - (a) value each asset in accordance with generally accepted standards used in the relevant sector for the asset, taking into account its individual characteristics and using all the information reasonably available:
 - (b) on a consistent basis across all *clients* who hold the same type of assets, apply the following:
 - (i) a prudent valuation approach; and
 - (ii) a reasonable valuation methodology;
 - (c) when determining whether an asset is capable of being readily realised within 30 days, consider whether:
 - (i) the transaction can be concluded within that time limit in the ordinary course of business. For example, if the transaction can be concluded within 30 days but, in practice, takes longer due to factors such as delays in receiving information or permissions from third parties, then the asset can be categorised as a Standard Asset;
 - (ii) a Standard Asset can be realised for a value close to the most recent valuation if no material change to the underlying economic conditions has occurred.

Total capital requirement

5.4.12

A firm's total capital requirement is the sum of its:

- (a) expenditure based requirement calculated in accordance with ■ IPRU-INV 5.10:
- (b) position risk requirement calculated in accordance with ■ IPRU-INV 5.11;
- (c) counterparty risk requirement calculated in accordance with ■ IPRU-INV 5.12 to ■ 5.15;
- (d) foreign exchange requirement calculated in accordance with ■ IPRU-INV 5.16; and

- (e) other assets requirement calculated in accordance with IPRU-INV 5.17.
- A firm which discloses clients' money or assets on its balance sheet need not calculate the requirements under IPRU-INV 5.11 to 5.17 on such items where these do not represent assets or liabilities of the firm itself.

■ Release 49 ● Jul 2025

5.5 **Annual expenditure**

Determination

5.5.1 Annual expenditure is:

- (a) the sum of the amounts described as total expenditure in the four quarterly financial returns up to (and including) that prepared at the firm's most recent accounting reference date, less the following items (if they are included within such expenditure):
 - (i) staff bonuses, except to the extent that they are guaranteed;
 - (ii) employees' and directors' shares in profits, except to the extent that they are guaranteed;
 - (iii) other appropriations of profits;
 - (iv) shared commission and fees payable which are directly related to commission and fees receivable which are included within total revenue:
 - (v) interest charges in respect of borrowings made to finance the acquisition of the firm's readily realisable investments;
 - (vi) interest paid to customers on client money;
 - (vii) interest paid to counterparties;
 - (viii) fees, brokerage and other charges paid to clearing houses, exchanges and intermediate brokers for the purposes of executing, registering or clearing transactions;
 - (ix) foreign exchange losses; or
- (b) where the previous accounting period does not include twelve months' trading, an amount calculated in accordance with paragraph (a) above prorated to an equivalent annual amount; or
- (c) where a *firm* has not prepared four quarterly **financial returns** since the commencement of its permitted business, an amount based on forecast expenditure included in its budget for the first twelve months' trading, as submitted with its application for membership.

5.5.2

A firm's financial resources requirement will be recalculated annually when its fourth quarterly **financial return** is prepared. The *firm* must maintain financial resources sufficient to meet its new financial resources requirement from the date on which the fourth quarterly financial return is prepared and no later than 80 business days after the *firm's* accounting reference date. The expenditure based requirement applicable at the accounting reference date will be based on the four quarterly financial returns prepared up to and on that date.

5.6 Qualifying subordinated loans

Characteristics of long term qualifying subordinated loans 5.6.1 A long term qualifying subordinated loan (IPRU-INV 5.8.1R Item 11) must have the following characteristics: (a) the loan is repayable only on maturity or on the expiration of a period of notice in accordance with paragraph (c) below or on the winding up of the firm; (b) in the event of the winding up of the firm, the loan ranks after the claims of all other creditors and is not to be repaid until all other debts outstanding at the time have been settled; (c) either (i) the minimum original maturity of the loan is 5 years; or (ii) the loan does not have a minimum or fixed maturity but requires 5 years notice of repayment; and (d) the loan is fully paid-up. Amount allowable in the calculation of own funds 5.6.2 R A firm may only take into account the paid-up amount of a long term qualifying subordinated loan in the calculation of its own funds. This amount must be amortised on a straight-line basis over the five years prior to the date of repayment. Requirements applicable to short-term qualifying subordinated loans 5.6.3 A short term qualifying subordinated loan (IPRU-INV 5.8.1R item 15) must have the characteristics set out in ■ IPRU-INV 5.6.1R save that the minimum period set out in ■ IPRU-INV 5.6.1R(c) shall be two years. 5.6.4 R A firm must not make any payment of principal or interest which would result in a breach of ■ IPRU-INV 5.2.2R. Form of qualifying subordinated loan agreement 5.6.5 A qualifying subordinated loan must be in the form prescribed by the FCA R

for the purposes of this rule.

- 5.6.6 G Firms wishing to initiate a subordinated loan agreement other than in the prescribed form are advised to contact the FCA.
 - Conditions applicable to qualifying subordinated loans
- 5.6.7 R A firm wishing to include a qualifying subordinated loan in its calculation of liquid capital must:
 - (a) provide the FCA with a copy of the agreement not less than 10 business days before the loan is to be made; and
 - (b) certify to the FCA that the loan agreement complies with the FCA's prescribed subordinated loan agreement.

Requirements on a firm in relation to qualifying subordinated loans

- 5.6.8 R A firm including a qualifying subordinated loan in its calculation of liquid capital must not:
 - (a) secure all or any part of the loan;
 - (b) redeem, purchase or otherwise acquire any of the liabilities of the borrower in respect of the loan;
 - (c) amend or concur in amending the terms of the loan agreement;
 - (d) repay all or any part of the loan otherwise than in accordance with the terms of the loan agreement; or
 - (e) take or omit to take any action whereby the subordination of the loan or any part thereof might be terminated, impaired or adversely affected.

■ Release 49 ● Jul 2025

5.7 Qualifying property and qualifying undertakings

Qualifying property and qualifying amount defined

- 5.7.1 Qualifying property is any freehold or leasehold (or the equivalent tenure in Scotland or other territories) land and buildings purchased or secured by way of a mortgage (or other form of secured long-term arrangement) where the security for the liability is the property (and does not include any other allowable assets). The qualifying amount is the lowest of:
 - (a) 85 per cent of the current market value of the property (if known);
 - (b) 85 per cent of the net book value of the property;
 - (c) the amount of the liability outstanding under mortgage or other secured long term arrangement, excluding any part of the liability repayable within one year.
- 5.7.2 G ■ IPRU-INV 5.7.1R can be illustrated as follows:

Current market value £200,000 Net book value £100,000

£70,000, including £5,000 payable Mortgage

within one year

Qualifying amount is the lowest of:

(a) $85\% \times £200,000 =$ £170,000 (b) $85\% \times £100,000 =$ £85,000 (c) £70,000 - £5,000 = £65,000

i.e. £65,000

Qualifying undertakings

- 5.7.3 R A qualifying undertaking is an arrangement between a firm and an approved bank which:
 - (a) is in the form prescribed by the FCA for the purposes of this rule; and
 - (b) complies with the appropriate limitations set out in ■ IPRU-INV 5.8.2R(7).

IPRU-INV 5/14

5.8 Calculation of own funds and liquid capital

A firm must calculate its **own funds** and **liquid capital** as shown below, subject to the detailed requirements set out in ■ IPRU-INV 5.8.2R.

	Financial re	esources	Category	IPRU-INV 5.8.2R paragraph
Tier 1				
	(1)	Paid-up share cap- ital (excluding pref- erence shares)	A	
	(1A)	Eligible LLP mem- bers' capital		
	(2)	Share premium account		
	(3)	Reserves		2A
	(4)	Non-cumulative preference shares		
Less:	(5)	Investments in own shares	В	
	(6)	Intangible assets		
	(7)	Material current year losses		4
	(8)	Material holdings in credit and financial institutions		5
	(8A)	Excess LLP members' drawings		
Tier 1 capital :	= (A-B)		С	
Plus: TIER 2				1
	(9)	Revaluation reserves	D	
	(10)	Fixed term cumulative preference share capital		
	(11)	Long-term Qualify- ing Subordinated Loans		6
	(12)	Other cumulative preference share capital and debt capital		

	Financial re	sources	Category	IPRU-INV 5.8.2R paragraph

"Liquid Capit	al" = (E+F+G)			

5.8.2

R

1 Deductions and Ratios (Items 10, 11 and 15)	(a)	[deleted]
	(b)	A firm which is subject to a liquid capital requirement under IPRU-INV 5.4.1R may take into account qualifying subordinated loans in the calculation of liquid capital up to a maximum of 400% of its Tier 1 capital.
2 Non corporate entities	(a)	In the case of <i>partnerships</i> or <i>sole</i> traders, the following terms should be substituted, as appropriate, for items 1 to 4 in Tier 1 capital:
		(i) partners' capital accounts (excluding loan capital):

- (ii) partners' current accounts (excluding unaudited profits and loan capital);
- (iii) proprietors' account (or other term used to signify the sole trader's capital but excluding unaudited profits).
- (b) Loans other than qualifying subordinated loans shown within partners' or proprietors' accounts must be classified as Tier 2 capital under item 12.
- (c) For the calculation of **own funds**, partners' current accounts figures are subject to the following adjustments in respect of a *defined benefit occupational pension scheme*:
 - (i) a firm must derecognise any defined benefit asset;
 - (ii) a firm may substitute for a defined benefit liability the firm's deficit reduction amount. The election must be applied consistently in respect of any one financial year.

Note 1

A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

For the calculation of **own funds** the following adjustments apply to the audited reserves figure:

- (a) a firm must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost:
- (b) in respect of a defined benefit occupational pension scheme, a firm must derecognise any defined benefit asset;
- (c) a firm may substitute for a defined benefit liability the firm's deficit reduction amount. The election must be applied consistently in respect of any one financial year.

Note 2

A firm should keep a record of and be ready to explain to its supervisory contacts in the FCA the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

2A Reserves

■ Release 49 ● Jul 2025

(d) a firm must not include any unrealised gains from investment property.

Note 3

Unrealised gains from investment property should be reported as part of revaluation reserves.

(e) where applicable, a firm must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but exclude from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

Note 4

Reserves must be audited unless the firm is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

3 Intangible assets (Item Intangible assets comprise:

- (a) formation expenses to the extent that these are treated as an asset in the firm's accounts:
- (b) goodwill, to the extent that it is treated as an asset in the firm's accounts; and
- other assets treated as intangibles in the (c) firm's accounts.

Intangible assets do not include a deferred acquisition cost asset.

4 Material current year losses (Item 7)

Losses in current year operating figures must be deducted when calculating Tier 1 capital if such losses are material. For this purpose profits and losses must be calculated quarterly or monthly, as appropriate. If this calculation reveals a net loss it shall only be deemed to be material for the purposes of this Table if it exceeds 10 per cent of the firm's Tier 1 capital.

5 Material holdings in credit and financial institutions (Item 8)

Material holdings comprise:

- (a) where the firm holds more than 10 per cent of the equity share capital of the institution, the value of that holding and the amount of any subordinated loans to the institution and the value of holdings in qualifying capital items or qualifying capital instruments issued by the institution:
- (b) in the case of holdings other than those mentioned in (a) above, the value of holdings of equity share capital in, and the amount of subordinated loans made to, such institutions and the value of

holdings in qualifying capital items or qualifying capital instruments issued by such institutions to the extent that the total of such holdings and subordinated loans exceeds 10 per cent of the firm's own funds calculated before the deduction of item 8.

6 Long term qualifying subordinated loans (Item 11)

Loans having the characteristics prescribed by IPRU-INV 5.6.1R may be included in item 11, subject to the limits set out in paragraph (1) above.

7 Qualifying arrangements (Item 13)

A *firm* may only include **qualifying undertakings** in its calculation of **liquid capital** if:

- (i) it maintains liquid capital equivalent to 6/52 of its annual expenditure in a form other than qualifying undertakings; and
- (ii) the total amount of all qualifying undertakings plus qualifying subordinated loans does not exceed the limits set out in paragraph (1)(b) above.

8 Net trading book profits (Item 14)

Unaudited profits can be included at item 14.

This Item must not be included in the *liquid capital calculation* of a *firm* whose *permitted business* includes *establishing, operating or winding up a personal pension scheme*.

Note 5

Non-trading book interim profits may only be included in Tier 1 of the calculation if they have been independently verified by the *firm's* external auditors, unless the *firm* is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

For this purpose, the external auditor should normally undertake at least the following:

- (a) satisfy himself that the figures forming the basis of the interim profits have been properly extracted from the underlying accounting records;
- (b) review the accounting policies used in calculating the interim profits so as to obtain comfort that they are consistent with those normally adopted by the *firm*

- in drawing up its annual financial statements;
- perform analytical review procedures on (c) the results to date, including comparisons of actual performance to date with budget and with the results of prior periods;
- (d) discuss with management the overall performance and financial position of the
- obtain adequate comfort that the im-(e) plications of current and prospective litigation, all known claims and commitments, changes in business activities and provisions for bad and doubtful debts have been properly taken into account in arriving at the interim profits; and

(f) follow up problem areas of which the auditors are already aware in the course of auditing the *firm's* financial statements.

A firm wishing to include interim profits in Tier 1 capital in a financial return should submit to the FCA with the financial return a verification report signed by its external auditor which states whether the interim results are fairly stated, unless the firm is exempt from the provisions of Part VII of the Companies Act 198 (section 249A (Exemptions from audit)), or where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

Profits on the sale of capital items or arising from other activities which are not directly related to the **investment business** of the *firm* may also be included within the calculation of **liquid capital**, but (unless the *firm* is exempt as above) only if they can be separately verified by the *firm's* auditors. In such a case, such profits can form part of the *firm's* Tier 1 capital as profits.

9 Short term qualifying subordinated loans (Item 15) Loans having the characteristics prescribed by IPRU-INV 5.6.3R may be included in item 15 subject to the limits set out in paragraph (1) above. Tier 2 capital which exceeds the ratios prescribed by paragraph (1)(a) and (b) may be included in item 15 subject to paragraph (1) above.

10 Illiquid assets (Item 16)

Illiquid assets comprise:

(a) tangible fixed assets.

Note 6

In respect of tangible fixed assets purchased under finance leases the amount to be deducted as an illiquid asset shall be limited to the excess of the asset over the amount of the related liability shown on the balance sheet.

- (b) holdings in, including subordinated loans to, credit or financial institutions which may be included in the own funds of such institutions unless they have been deducted under item 8;
- (c) any **investment** in undertakings other than credit institutions and other financial institutions where such **investments** are not readily realisable;
- (d) any deficiency in net assets of a subsidiary;
- deposits not available for repayment within 90 days or less (except for payments in connection with margined futures or options contracts);

Note 7

Where cash is placed on deposit with a maturity of more than 90 days but is repayable on demand subject to the payment of a penalty, then

this is not required to be deducted as an illiquid asset but a deduction is required for the amount of the penalty.

- loans, trade and other debtors and ac-(f) cruals not falling due to be repaid within 90 days or which are more than one month overdue by reference to the contractual payment date;
- (g) physical stocks (except where subject to the position risk requirement as set out in IPRU-INV 5.11; and
- (h) prepayments to the extent that the period of prepayment exceeds six weeks in the case of a *firm* subject to the 6/52 expenditure based requirement or thirteen weeks in the case of a firm subject to the 13/52 expenditure based requirement.
- (i) if not otherwise covered, any holding in eligible capital instruments of an insurance undertaking, insurance holding company, or reinsurance undertaking that is a subsidiary or participation. Eligible capital instruments include ordinary share capital, cumulative preference shares, perpetual securities and long-term subordinated loans that are eligible for insurance undertakings under INSPRU 1.

Illiquid assets do not include a defined benefit asset or a deferred acquisition cost asset.

11 Qualifying property (Item 17)

This item comprises the qualifying amount calculated in accordance with IPRU-INV 5.7.1R.

5.9 Liquid Capital Requirement for firms whose permitted business includes establishing, operating or winding up a personal pension scheme

5.9.1 R

Liquid Capital Requirement = Initial Capital Requirement + Capital Surcharge

Calculation of Initial Capital Requirement

 $ICR = (\sqrt{AUA}) \times K1$

Where

ICR means Initial Capital Requirement

AUA

means Assets Under Administration calculated as the sum of the most recent annual valuations over the preceding 12 months of the personal pension schemes administered by the *firm*, and adjusted to include any revaluation of assets that may occur between the date of the most recent annual valuation and the date when the *firm* must calculate its AUA.

A *firm* must calculate its AUA quarterly in line with the dates when it has to submit its regulatory capital reporting form in accordance with SUP 16.12 (Integrated Regulatory Reporting).

Where it is not possible to value an asset (for example because there is no readily available market price), the most recent market valuation should be used.

Where it would be reasonable to assume that the value of the asset has changed by more than 15% since the most recent market valuation, a *firm* should instead use a reasonable estimate. This is without prejudice to any requirement on a *firm* to provide a personal pension scheme member with accurate and timely valuations of their portfolios.

is set subject to the firm's AUA as specified in the below

table:

AUA K1 constant to be applied
<f100m 10
f100-£200m 15
>f200m 20

When K1 changes due to an increase in AUA, in accordance with the thresholds in this table, the *firm* must apply the new K1 value within six months following the date on

K1

	which its AUA exceeded the threshold of its provide.					
	Calculation of Capital Surcharge					
	C	S =(√P) x K2 x ICR				
Where						
CS	means Capital Surcharge					
Р	means the fraction of personal pension schemes administered by the firm which contain one or more asset types which do not appear in the list of Standard Assets below, at the most recent quarter end. For example, if a quarter of personal pensions contained non-Standard Assets, this would be inputted in to the formula as 0.25.					
K2	is set at 2.5.					
ICR	means the Initial Cap	ital Requirement calculated as above.				
	Standard Assets					
	The List of Standard A 1):	Assets is as follows (subject to Note				
	Cash					
	Cash funds					
	Deposits					
	Exchange traded com	modities				
	Government & local authority bonds and other fixe est stocks					
	Investment notes (structured products)					
	Shares in <i>Investment</i>	trusts				
	Managed pension fur	nds				
	National Savings and	Investment products				
	Permanent interest be	earing shares (PIBs)				
	Physical gold bullion					
	Real estate investmen	t trusts (REITs)				
	Securities admitted to	trading on a regulated venue				
	UK commercial prope	rty				
	Units in regulated col	lective investment schemes				
NOTE 1:	A Standard Asset must be capable of being accurately ar fairly valued on an ongoing basis and readily realised within 30 days, whenever required.					
NOTE 2:	In addition to complying with the provisions of IPRU-INV 5.8, in accordance with IPRU-INV 5.3.2R, a <i>firm</i> must hold it <i>liquid capital</i> in financial resources as follows:					
	ICR	realisable within 12 months; and				
	CS	realisable within 30 days				

5.10 Expenditure based requirement

- 5.10.1 R A firm's expenditure based requirement is a fraction of its annual expenditure determined in accordance with IPRU-INV 5.10.2 R.
- **5.10.2** R 1: The fraction is 6/52 where:
 - (a)the firm is an authorised unit trust manager; or
 - (aa)the firm is an authorised contractual scheme manager; or
 - (b) the firm acts only as an authorised corporate director of an ICVC; or
 - (c)the *firm* is an **investment manager** (including the operator of an unregulated collective investment scheme in relation to which the *firm* carries on the activity of an **investment manager**), unless paragraph 2 applies.
 - 2: The fraction is 13/52 where the *firm* is an **investment manager** as in paragraph 1(c) above, or is a *custodian*, and the *firm* either:
 - (a)itself holds customers' monies or assets; or
 - (b)procures the appointment as custodian of its customers' monies or assets of an associate of the *firm* which is not an approved bank.

[Note: Paragraph 1(a) above includes a *firm* which acts as an authorised **unit trust manager** and, in addition, is both or either:

- (a) an authorised corporate director of an ICVC; or
- (b) an authorised contractual scheme manager]

5.11 Position risk requirement

5.11.1

A firm's position risk requirement is determined by calculating on a daily mark to market basis, the sum of the weighted value of each position held by the firm. The weighted value for each position must be calculated by multiplying its current market value by the appropriate factor set out in ■ IPRU-INV 5.11.2R.

[Note: this requirement does not attach to items deducted in full as illiquid assets]

5.11.2 R

Instrument			Requirement	
A Debt	Maturity	0-2 years	2-5 years	>5 years
Central Government		2%	5%	13%
Qualifying debt se- curities				
· fixed rate		8%	8%	15%
· floating rate		10%	10%	15%
Non-qualify- ing debt se- curities				
\cdot fixed rate		10%	20%	30%
· floating rate		30%	30%	30%
B Equities				
· Traded on a recognised or designated investment exchange.	25%			
· other	100%			
C Stock position in physical commodities				
· Physical po- sitions asso- ciated with firm's invest	30% of realisa	ble value		

ment business	
D Derivatives	
· Exchange traded fu- tures and written options	4 x initial margin requirement.
· otc futures and written options	Apply the appropriate percentage shown in Sections A, B, & C above to the market value of the underlying position.
· Purchased options	Apply the appropriate percentage shown in Sections A, B & C above to the market value of the underlying position but the result may be limited to the market value of the option.
· Contracts for dif- ferences	20% of the market value of the contract.
E Other investments	
· units in regulated collective in- vestment schemes	25% of realisable value.
· with profit life policies	20% of surrender value.
· other	100% of the value of investment or underlying instrument.

5.12 Counterparty risk requirement (CRR)

5.12.1

R

1

Receivables

In the case of receivables due to the firm in the form of fees, commission, interest, dividends and margin in exchange-traded futures or options contracts, which are directly related to items included in the trading book, the CRR is calculated as follows:

 $CRR = A \times RF$, where

A = the amount of the sum due; and

RF = the appropriate risk factor derived from IPRU-INV 5.14.1R.

Note 1

This requirement attaches only to balances arising from proprietary activity falling within the definition of the trading book.

Note 2

This requirement does not attach to items deducted in full as illiquid assets.

2 Delivery of cash against

documents

Where a firm enters into a trading **book** transaction and the transaction is to be settled by delivery of cash against documents, the firm's CRR in respect of that transaction is calculated as follows:

 $CRR = (SP - MV) \times RF$, where

SP = agreed settlement price;

MV = current market value;

RF = the appropriate risk factor derived from IPRU-INV 5.13.1R.

The CRR should only be calculated where the difference between SP and MV would involve a loss if borne by the firm.

Free deliveries 3

Where a firm enters into a trading book transaction and the firm pays for the securities before it receives documents of title or delivers documents of title before receiving pay

IPRU-INV 5/28

ment, the CRR in respect of that transaction is calculated as follows:

CRR = V x where RF.

V (i) the full amount due to the firm (i.e. the contract value) where the firm has delivered securities to a counterparty and has not received payment; or

(ii) the market value of the securities, where the firm has made payment to a counterparty for securities and has not received documents of title; and

RF = the appropriate risk factor derived from IPRU-INV 5.14.1R.

4 Settlement outstanding 30 days or more

In the case of **trading book** transactions entered into by a *firm* where the *firm* pays for the securities before it receives documents of title or delivers documents of title before receiving payment and settlement has not been effected within 30 days of falling due, CRR = V.

5 Repos/Stock Lending and Reverse Repos/Stock Borrowing

Where a *firm* enters into a transaction based on securities included in the **trading book** under the terms of a repurchase agreement or a securities lending agreement the *firm*'s CRR in respect of that transaction is calculated as follows:

 $CRR = V \times RF$, where

RF = the appropriate risk factor derived from IPRU-INV 5.14.1R; and

for repos/stock lending:

V = the excess of the market value of the securities over the value of the collateral provided under the agreement, if the net figure is positive; or

for reverse repos/stock borrowing:

V = the excess of the amount paid or the collateral given for the securities received under the agreement, if the net figure is positive.

6 otc derivatives

In the case of a transaction entered into by a *firm* as principal in an **otc derivative** the CRR is calculated as follows:

 $CRR = A \times RF$, where

A = the appropriate credit equivalent amount derived from IPRU-INV 5.15.1R; and

RF = the appropriate risk factor derived from IPRU-INV 5.14.1R.

This calculation shall not apply to contracts for interest rate and foreign exchange which are traded on a recognised investment exchange or designated investment exchange where they are subject to a daily margin requirement and foreign exchange contracts with an original maturity of 14 calendar days or less.

A firm may net off contracts with the same counterparty in the same otc derivative contract for settlement on the same date in the same currency provided that the firm is legally entitled under the terms of the contracts with such a counterparty to net such contracts by novation.

	A counter- party which is, or the con- tract of which is, ex- plicitly guar- anteed by a category b body.	20%	8%	1.6%
	Any other counterparty	100%	8%	8%

5.15 OTC derivatives: calculation of credit equivalent amount

5.15.1 R

A	By attaching current market values to contracts (marking to market), obtain the current replacement cost of all contracts with positive values.				
В	To obtain a figure for potential future credit exposure, the notional principal amounts or values underlying the <i>firm</i> 's aggregate positions are multiplied by the following percentages:				
	Residual Maturity	Interest-Rate Contracts	Foreign-Exchange Contracts		
	One year or less	Nil	1%		
С	The credit equivalent amount is the sum of current replacement cost and potential future credit exposure.				
Note	Except in the case of single-currency "floating/floating interest rate" swaps in which only the current replacement cost will be calculated, bought OTC equity options and covered warrants shall be subject to the treatment accorded to exchange rate contracts.				

5.16 Foreign exchange requirement

5.16.1

(1) A firm's foreign exchange requirement is determined by calculating the excess of its foreign exchange position (FEP) above 2 per cent of its own funds and multiplying this excess by 8 per cent.

(2) The FEP is the greater of:

(a) the total in the reporting currency of the net short positions in each currency other than the reporting currency; and

(b) the total in the reporting currency of the net long positions in each currency other than the reporting currency;

where the conversion to the **reporting currency** is performed using spot rates.

NoteFor this purpose, long and short positions in the same currency can be netted to produce the net position.

(3)In calculating the FEP, a firm must include relevant foreign exchange items.

EXCHANGE POSITION FOR HEDGING PURPOSES

Any positions which the firm has taken in order to hedge against the adverse effect of exchange rates on an item already deducted in the calculation of liquid capital may not be excluded from the calculation of net open currency positions.

IPRU-INV 5/34

Risk Factor

5.17 Other assets requirement

5.17.1 R

The requirement to be met in respect of the assets set out in IPRU-INV 5.17.2R, other than those to which position risk requirements and counterparty risk requirements apply or which have been deducted in full as illiquid assets, and in respect of off-balance sheet items set out in IPRU-INV 5.17.2R, must be calculated as follows:

A = AV x RF where
A = the amount of the requirement;
AV = the current asset value; and
RF = the appropriate risk factor derived from IPRU-INV 5.17.2R.

Assets and Off-Balance Sheet Items

5.17.2 R

Assets	
Cash at bank and in hand and equivalent items	NIL
Assets secured by acceptable collateral including deposits and certificates of deposit with lending institutions	NIL
Amount due from trustees of authorised unit trusts or depositaries of authorised contractual schemes	NIL
Note 1	
This only applies to firms who are authorised unit trust managers in relation to authorised unit trusts or authorised contractual scheme managers in relation to authorised contractual schemes they manage.	
Amount due from depositaries of ICVCs	NIL
Note 2	
This only applies to <i>firms</i> who are <i>authorised corporate directors</i> in relation to <i>ICVCs</i> they operate	
Other receivables due from or explicitly guaranteed by or deposits with category a bodies	NIL

5.18 **Consolidated supervision**

5.18.1

Under the Financial Conglomerates and Other Financial Groups Instrument 2004, ■ IPRU-INV 14 shall (with respect to a particular firm, group or financial conglomerate) apply from the first day of its financial year beginning in 2005.

5 App 1 Appendix 5(1): Glossary of terms for IPRU-INV 5

App 1 Glossary of terms for IPRU-INV 5

The following words or terms throughout ■IPRU-INV 5 appearing in bold (other than headings and titles) are to have the meanings given to them below if not inconsistent with the subject or context. If a defined term is italicised the definition appearing in the main Handbook Glossary applies.

Term		Meaning
accounting refer-	means:	
ence date	(a)	the date to which a <i>firm</i> 's accounts are prepared in order to comply with the relevant Companies Act legislation. In the case of a <i>firm</i> not subject to Companies Act legislation, the equivalent date selected by the <i>firm</i> ; and
	(b)	in the case of an OPS firm which is not subject to the relevant Companies Act legislation, the date to which the accounts of the OPS in respect of which the firm acts are prepared.
annual expenditure	has the	meaning given in IPRU-INV 5.5.1 (Determination).
category a body	means:	
	(a)	the government or central bank of a zone a country; or
	(b)	EU or Euratom (the European Atomic Energy Community); or
	(c)	the government or central bank of any other country, provided the receivable in question is denominated in that country's national currency.
category b body	means:	
	(a)	the European Investment Bank (EIB) or a multi-lateral development bank; or
	(b)	the regional government or local authority of a zone a country; or

T		Manaina	
Term		Meaning	
	(c)	an investment firm or credit institution authorised in a zone a country; or	
	(d)	a recognised clearing house or exchange; or	
	(e)	an investment firm or credit institution authorised in any other country, which applies a financial supervision regime at least equivalent to the Capital Adequacy Directive.	
counterparty		any person with or for whom a <i>firm</i> carries on regusiness or an ancillary activity.	
counterparty risk requirement		meaning given in IPRU-INV 5.11.1R (Counterparty uirement).	
expenditure based requirement		the requirement calculated in accordance with IPRU-IR (Expenditure based requirement).	
financial resources	has the resourc	meaning given in IPRU-INV 5.2.3R (Financial es).	
financial resources requirement	has the require	meaning given in IPRU-INV 5.4.1R (Determination of ment).	
financial resources rules	has the	meaning given in IPRU-INV 5.2.	
financial return	means quarterly financial return or monthly financial return as the case may be.		
foreign exchange position	has the meaning given in IPRU-INV 5.14.1R (Foreign exchange requirement).		
investment	means	a designated investment in the main <i>Glossary</i> .	
investment business	means designated investment business in the main <i>Glossary</i> .		
investment firm	has the meaning given to <i>investment firm</i> in the main <i>Glossary</i> except that it excludes persons to which <i>MiFID</i> does not apply as a result of articles 2 or 3 of <i>MiFID</i> .		
		In investment <i>firm</i> is not necessarily a firm for the es of the rules.	
investment manager	means either:	a person who, acting only on behalf of a customer,	
	(a)	manages an account or portfolio in the exercise of discretion; or	
	(b)	has accepted responsibility on a continuing basis for advising on the composition of the account or portfolio.	
liquid capital		meaning given in IPRU-INV 5.3.1R (Calculation of nds and liquid capital).	
liquid capital re- quirement	has the meaning given in IPRU-INV 5.4.4R (Liquid capital requirement).		
non-retail client	means	a professional client or an eligible counterparty.	
OPS or occupational pension scheme	one or is capal scriptio nefits, i minatic spect or	any scheme or arrangement which is comprised in more instruments or agreements and which has, or ole of having, effect in relation to one or more dens or categories of employment so as to provide bent the form of pensions or otherwise, payable on teron of service, or on death or retirement, to or refearners with qualifying service in an employment such description or category.	
	,		

Term				Meaning	g
OPS firm	means:				
	(a)	a firm v	which:		
		(i)		on OPS a profit; a	activity but not with a and
		(ii)	is one o	or more o	of the following:
			(A)		ee of the occupational n scheme in question;
			(B)	trustee	any owned by the s of the occupational penheme in question;
			(C)	a comp	eany which is:
				(1)	an employer in relation to the occupational pen- sion scheme in question in respect of its em- ployees or former em- ployees or their depend- ants; or
				(11)	a company within the group which includes an employer within (I); or
				(III)	an administering authority subject to the Local Government Superannuation Regulations 1986; or
	(b)	a firm which: (i) has satisfied the requirements set out in (a) at any time during the past 12 months; but			
		(ii)	quirem control	ents beca or owne	e to comply with those re- ause of a change in the ership of the employer re- ii) during that period.
otc derivative	means interest rate and foreign exchange contracts covered by Annex III to the previous version of the Banking Consolidation Directive (i.e. Directive (2000/12/EC) and off balance sheet contracts based on equities which are not traded on a recognised or designated investment exchange or other exchange where they are subject to daily margin requirements, excluding any foreign exchange contract with an original maturity of 14 calendar days or less.				
other assets requirement	has the meaning given in IPRU-INV 5.17.1R (Other assets requirement).				
own funds	has the meaning given in IPRU-INV 5.3.1R and IPRU-INV 5.3.2R, as applicable.				
own funds requirement	has the meaning given in IPRU-INV 5.4.3R and IPRU-INV 5.4.4R (Own funds requirement), as applicable.				
permitted business	means regulated activity which a <i>firm</i> has permission to carry on.				
position risk requirement	has the meaning given in IPRU-INV 5.11.1R (Position risk requirement).				

Term	Meaning			
prescribed subordinated loan agreement	means the subordinated loan agreement prescribed by the appropriate regulator for the purposes of IPRU-INV 5.6.4R.			
qualifying capital instrument	means that part of a <i>firm</i> 's capital which is a security o determinate duration, or other instrument, that fulfils following conditions:			
	(a)	it may not be reimbursed on the bearer's initiative or without the prior agreement of the appropri- ate regulator;		
	(b)	the debt agreement must provide for the <i>firm</i> to have the option of deferring the payment of interest on the debt;		
	(c)	the lender's claims on the <i>firm</i> must be wholly sub- ordinated to those of all non-subordinated creditors;		
	(d)	the documents governing the issue of the securities must provide for debt and unpaid interest to be such as to absorb losses, whilst leaving the firm in a position to continue trading; and		
	(e)	only fully paid-up amounts shall be taken into account.		
qualifying capital item	means that part of a <i>firm</i> 's capital which has the following characteristics:			
	(a)	it is freely available to the <i>firm</i> to cover normal banking or other risks where revenue or capital losses have not yet been identified;		
	(b)	its existence is disclosed in internal accounting records; and		
	(c)	its amount is determined by the management of the <i>firm</i> and verified by independent auditors, and is made known to, and is monitored by, the <i>FCA</i> .		
qualifying property	has the meaning given in IPRU-INV 5.7.1R (Qualifying property and qualifying amount defined).			
qualifying subordin- ated loan	has the meaning given in IPRU-INV 5.6 (Qualifying subordinated loans).			
qualifying un- dertaking	has the meaning given in IPRU-INV 5.7.3R (Qualifying undertakings).			
readily realisable investment	means a unit in a regulated collective investment scheme, a life policy or any marketable investment other than one which is traded on or under the rules of a recognised or designated investment exchange so irregularly or infrequently:			
	(a)	that it cannot be certain that a price for that investment will be quoted at all times; or		
	(b)	that it may be difficult to effect transactions at any price which may be quoted.		
regulated business		means designated investment business in the main <i>Glossary</i> .		

Term			Meaning	
relevant foreign ex-	means:			
change items	(a)		abilities, including accrued interest, n the currency (all investments at isable value);	
	(b)	any currency fu contract;	uture, at the nominal value of the	
	(c)	any forward contract for the purchase or sale of the currency, at the contract value, including any future exchange of principal associated with cur- rency swaps;		
	(d)		rrency options at the net delta (or quivalent of the total book of such	
	(e)	any non-currer	ncy option, at market value;	
	(f)	any irrevocable	e guarantee;	
	(g)		palance sheet commitment to pur- n asset denominated in that	
reporting currency		he currency in which the <i>firm</i> 's books of account ntained.		
specified trustee business	1.	means any investment business carried on in the UK by a trustee <i>firm</i> , but excluding each of the following activities:		
		(a) Dealin	ng or arranging deals in investments	
		(i)	where the deal is transacted or arranged by a trustee firm with or through a PTP; or	
		(ii)	where the dealing or arranging is done in the course of, or is incidental to, an activity of management falling within paragraph (b) below; or	
		(iii)	where the trust is a unit trust scheme and the deal is or the arrangements are made with a view to either an issue or sale of units in such a scheme to, or a redemption or repurchase or conversion of such units or a dealing in investments for such a scheme carried out by with or through, the operator or on the instructions of the operator; or	
		(iv)	where the trustee <i>firm</i> , being a bare trustee (or, in Scotland, a nominee) holding investments for another person, is acting on that person's instructions; or	
		(v)	where any arrangements do not or would not bring about the transaction in question.	

Term			Meaning
	(b)	Mana	ging investments
		(i)	where the trustee <i>firm</i> has no general authority to effect transactions in investments at discretion; or
		(ii)	if and to the extent that all day- to-day decisions in relation to the management of the invest- ments or any discrete part of the investments are or are to be taken by a PTP; or
		(iii)	if and to the extent that invest- ment decisions in relation to the investments or any discrete part of the investments are or are to be taken substantially in accord- ance with the advice given by a PTP; or
		(iv)	where the trustee <i>firm</i> is a personal representative or executor and is acting in that capacity; or
		(v)	where the trust is a unit trust scheme and all day-to-day investment decisions in the carrying on of that activity are or are to be taken by the operator of the scheme.
	(c)	Investment advice	
		(i)	where the relevant advice:
			(A) does not recommend the entry into any investment transaction or the exercise of any right conferred by any investment to acquire, dispose of, underwrite or convert such an investment; and
		(ii)	if and to the extent that the rel- evant advice is in substance the advice of a PTP; or
		(iii)	where the relevant advice is given by the trustee <i>firm</i> acting in the capacity of personal representative or executor.
	(d)	collect acting trust s such a	ishing, operating or winding up a tive investment scheme including as trustee of an authorised unit scheme but only to the extent that activities do not otherwise constiplecified trustee business.
	(e)	truste	rustee activity undertaken as e of an issue of debentures or gov- ent or public securities:

Term			Meaning
		(i)	where the issue is made by a company listed on a recognised investment exchange or on a designated investment exchange (or by a wholly-owned subsidiary of such a company); or
		(ii)	where the issue is listed or traded either on a recognised in- vestment exchange or on a desig- nated investment exchange or on the Société de la Bourse de Luxembourg; or
		(iii)	where the issue is made by a gov- ernment, local authority or inter- national organisation; or
		(iv)	where the aggregate amounts issued (pursuant to the trust deed or any deed supplemental thereto and ignoring any amounts redeemed, repurchased or converted) exceed the sum of £10,000,000.
2.	For the trustee	purpose business	of this definition of "specified ":
	(a)		action is entered into through a if that person:
		(i)	enters into it as agent; or
		(ii)	arranges for it to be entered into as principal or agent by another person and the arrangements are such that they bring about the transaction in question;
	(b)	tion to derwrit "invest	nent transaction means a transac- purchase, sell, subscribe for or un- e a particular investment and ment decision" means a decision of to an investment transaction;
	(c)		ures means any securities falling article 77 of the RAO;
	(d)		ment or public securities means urities falling within article 78) of O;
	(e)		ment, local authority or interna- organisation means:
		(i)	the government of the United Kingdom, of Northern Ireland, or of any country or territory out- side the United Kingdom;
		(ii)	a local authority in the United Kingdom or Anywhere; or
		(iii)	an international organisation the members of which include the United Kingdom.

Term			Meaning	
leilii		(f)	in determining the size of an issue of de- bentures or government or public securit- ies made in a currency other than ster- ling, the amount of the issue shall be con- verted into sterling at the exchange rate prevailing in London on the date of issue.

Chapter 11

Collective Portfolio Management Firms and Collective Portfolio Management Investment Firms

■ Release 49 ● Jul 2025

11.1 INTRODUCTION

Application

11.1.1

This chapter applies to:

- (1) a collective portfolio management firm; and
- (2) a collective portfolio management investment firm.
- 11.1.2

A collective portfolio management firm that manages an AIF is an internally managed AIF or an external AIFM. If the firm is a full-scope UK AIFM this affects the firm's base own funds requirement (see ■IPRU-INV 11.3.1R). An internally managed AIF that is a full-scope UK AIFM is not permitted to engage in activities other than the management of that AIF, whereas an external AIFM that is a full-scope UK AIFM may manage AIFs and/or UCITS. provided it has permission to do so. A full-scope UK AIFM that is an external AIFM and/or a UCITS management company may undertake any of the additional investment activities permitted by article 6(4) of AIFMD or article 6(3) of the UCITS Directive (as applicable), provided it has permission to do so, but if so it is classified as a collective portfolio management investment firm, as opposed to a collective portfolio management firm.

A collective portfolio management investment firm is a MIFIDPRU investment firm, and so is subject to the requirements of MIFIDPRU in addition to the requirements of ■ IPRU-INV 11, as explained in ■ IPRU-INV 11.6.3G.

11.1.2A G A small authorised UK AIFM that is not also a UCITS management company is not a collective portfolio management firm or a collective portfolio management investment firm and is therefore not subject to ■ IPRU-INV 11. This type of firm is subject to IPRU-INV 5 if it is an investment management firm or MIFIDPRU if it is a MIFIDPRU investment firm.

Relevant accounting principles

11.1.3 R

- (1) Except where a rule makes a different provision, terms in this chapter must have the meaning given to them in the Companies Act 2006 or the firm's accounting framework (usually UK generally accepted accounting principles or IFRS) where defined in that Act or framework.
- (2) Accounting policies must be the same as those adopted in the firm's annual report and accounts and must be consistently applied.

IPRU-INV 11 : Collective Portfolio Management Firms and Collective Portfolio...

Purpose

11.1.4 G

(1) This chapter amplifies threshold condition 2D (Appropriate resources) by providing that a firm must meet, on a continuing basis, a minimum capital resources requirement. This chapter also amplifies Principles 3 and 4 which require a firm to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems, and to maintain adequate financial resources by setting out a capital resources requirement for a firm according to the regulated activity or activities it carries on.

.....

(2) [deleted]

■ Release 49 ● Jul 2025

11.2 MAIN REQUIREMENTS

Collective portfolio management firm

11.2.1 R

A firm must:

- (1) when it first becomes a collective portfolio management firm or a collective portfolio management investment firm, hold initial capital of not less than the applicable base own funds requirement (in line with ■ IPRU-INV 11.3.1R);
- (2) at all times, maintain own funds which equal or exceed:
 - (a) the higher of:
 - (i) the funds under management requirement (in line with ■ IPRU-INV 11.3.2R); and
 - (ii) the amount specified in IPRU-INV 11.3.3AR; plus
 - (b) whichever is applicable of:
 - (i) the professional negligence capital requirement (in line with ■ IPRU-INV 11.3.11G(1)(a)); or
 - (ii) the PII capital requirement (in line with ■ IPRU-INV 11.3.11G(1)(b)); and
- (3) at all times, hold liquid assets (in line with IPRU-INV 11.3.17R) which equal or exceed:
 - (a) the higher of:
 - (i) the funds under management requirement (in line with ■ IPRU-INV 11.3.2R) less the base own funds requirement (in line with ■ IPRU-INV 11.3.1R); and
 - (ii) the amount specified in IPRU-INV 11.3.3AR; plus
 - (b) whichever is applicable of:
 - (i) the professional negligence capital requirement (in line with ■ IPRU-INV 11.3.11G(1)(a)); or
 - (ii) the PII capital requirement (in line with ■ IPRU-INV 11.3.11G(1)(b)).

[Note: article 9(5) and 9(7) of AIFMD and article 7(1)(a)(iii) of the UCITS **Directive**1

Professional negligence

11.2.2 G

- (1) The professional negligence capital requirement applies to a full-scope UK AIFM which, in line with IPRU-INV 11.3.11G(1)(a), covers professional liability risks by way of own funds.
- (2) The PII capital requirement applies to a full-scope UK AIFM which, in line with IPRU-INV 11.3.11G(1)(b), decides to cover professional liability risks by professional indemnity insurance.

■ Release 49 ● Jul 2025

11.3 **DETAIL OF MAIN REQUIREMENTS**

Base own funds requirement

- 11.3.1 The base own funds requirement is:
 - (1) EUR 125,000 for a firm that is a UCITS management company or a full-scope UK AIFM that is an external AIFM; and
 - (2) EUR 300,000 for a full-scope UK AIFM that is an internally managed AIF.

[Note: article 9(1), (2) and (10) of AIFMD and article 7(1)(a) of the UCITS Directive]

Funds under management requirement

- 11.3.2 R The funds under management requirement is (subject to a maximum of EUR 10,000,000) the sum of:
 - (1) the base own funds requirement; plus
 - (2) 0.02% of the amount by which the funds under management exceed EUR 250,000,000,

[Note: article 9(3) of AIFMD and article 7(1)(a)(i) of the UCITS Directive]

Fixed overheads requirement

11.3.3 R [deleted]

Own Funds based on Fixed Overheads

- 11.3.3A R (1) A firm must hold own funds of at least one quarter of the fixed overheads of the preceding year.
 - (2) A firm must calculate its fixed overheads using the methodology for calculating *relevant expenditure* in ■ MIFIDPRU 4.5 (Fixed overheads requirement).
 - (3) A firm that has not been in business for one year may use its projected fixed overheads in accordance with the approach in ■ MIFIDPRU 4.5.11R.
- 11.3.4 R [deleted]

11.3.5	G	[deleted]
11.3.6	R	[deleted]
11.3.7	R	[deleted]
11.3.8	G	[deleted]
11.3.9	R	[deleted]
11.3.10	G	[deleted]
11.3.11	G	Professional negligence A full-scope UK AIFM should: (1) cover the professional liability risks set out in article 12 of the AIFMD

- (1) cover the professional liability risks set out in article 12 of the AIFMD level 2 regulation (professional liability risks) (as replicated in IPRU-INV 11.3.12UK) by either:
 - (a) maintaining an amount of own funds in line with article 14 of the AIFMD level 2 regulation (additional own funds) (as replicated in IPRU-INV 11.3.14UK) (the professional negligence capital requirement); or
 - (b) holding professional indemnity insurance and maintaining an amount of own funds to meet the PII capital requirement under article 15 of the AIFMD level 2 regulation (professional indemnity insurance) (as replicated in IPRU-INV 11.3.15UK) and IPRU-INV 11.3.16R; and
- (2) comply with the qualitative requirements addressing professional liability risks in article 13 of the *AIFMD level 2 regulation* (qualitative requirements addressing professional liability risks) (as replicated in IPRU-INV 11.3.13UK).

Professional liability risks

11.3.12 UK

- (1) The professional liability risks to be covered pursuant to the *UK* legislation that implemented Article 9(7) of Directive 2011/61/EU shall be risks of loss or damage caused by a relevant person through the negligent performance of activities for which the AIFM has legal responsibility.
- (2) Professional liability risks as defined in paragraph 1 shall include, without being limited to, risks of:
 - (a) loss of documents evidencing title of assets of the AIF;
 - (b) misrepresentations or misleading statements made to the AIF or its investors;
 - (c) acts, errors or omissions resulting in a breach of:
 - (i) legal and regulatory obligations;

- (ii) duty of skill and care towards the AIF and its investors;
- (iii) fiduciary duties;
- (iv) obligations of confidentiality;
- (v) AIF rules or instruments of incorporation;
- (vi) terms of appointment of the AIFM by the AIF;
- (d) failure to establish, implement and maintain appropriate procedures to prevent dishonest, fraudulent or malicious acts;
- (e) improperly carried out valuation of assets or calculation of unit/ share prices;
- (f) losses arising from business disruption, system failures, failure of transaction processing or process management.
- (3) Professional liability risks shall be covered at all times either through appropriate additional own funds determined in accordance with Article 14 or through appropriate coverage of professional indemnity insurance determined in accordance with Article 15.

[Note: article 12 of the AIFMD level 2 regulation]

Qualitative requirements addressing professional liability risks

- 11.3.13 R
- (1) An AIFM shall implement effective internal operational risk management policies and procedures in order to identify, measure, manage and monitor appropriately operational risks including professional liability risks to which the AIFM is or could be reasonably exposed. The operational risk management activities shall be performed independently as part of the risk management policy.
- (2) An AIFM shall set up a historical loss database, in which any operational failures, loss and damage experience shall be recorded. This database shall record, without being limited to, any professional liability risks as referred to in Article 12(2) that have materialised.
- (3) Within the risk management framework the AIFM shall make use of its internal historical loss data and where appropriate of external data, scenario analysis and factors reflecting the business environment and internal control systems.
- (4) Operational risk exposures and loss experience shall be monitored on an ongoing basis and shall be subject to regular internal reporting.

Ш

- (5) An AIFM's operational risk management policies and procedures shall be well documented. An AIFM shall have arrangements in place for ensuring compliance with its operational risk management policies and effective measures for the treatment of non-compliance with these policies. An AIFM shall have procedures in place for taking appropriate corrective action.
- (6) The operational risk management policies and procedures and measurement systems shall be subject to regular review, at least on an annual basis.
- (7) An AIFM shall maintain financial resources adequate to its assessed risk profile.

[Note: article 13 of the AIFMD level 2 regulation]

Additional own funds

11.3.14 UK

- (1) This Article shall apply to AIFMs that choose to cover professional liability risks through additional own funds.
- (2) The AIFM shall provide additional own funds for covering liability risks arising from professional negligence at least equal to 0,01 % of the value of the portfolios of AIFs managed.
 - The value of the portfolios of AIFs managed shall be the sum of the absolute value of all assets of all AIFs managed by the AIFM, including assets acquired through use of leverage, whereby derivative instruments shall be valued at their market value.
- (3) The additional own funds requirement referred to in paragraph 2 shall be recalculated at the end of each financial year and the amount of additional own funds shall be adjusted accordingly.
 - The AIFM shall establish, implement and apply procedures to monitor on an ongoing basis the value of the portfolios of AIFs managed, calculated in accordance with the second subparagraph of paragraph 2. Where, before the annual recalculation referred to in the first subparagraph, the value of the portfolios of AIFs managed increases significantly, the AIFM shall without undue delay recalculate the additional own funds requirement and shall adjust the additional own funds accordingly.
- (4) The FCA may authorise the AIFM to provide additional own funds lower than the amount referred to in paragraph 2 only if it is satisfied on the basis of the historical loss data of the AIFM as recorded over an observation period of at least three years prior to the assessment that the AIFM provides sufficient additional own funds to appropriately cover professional liability risks. The authorised lower amount of additional own funds shall be not less than 0,008 % of the value of the portfolios of AIFs managed by the AIFM.
- (5) The FCA may request the AIFM to provide additional own funds higher than the amount referred to in paragraph 2 if it is not satisfied that the AIFM has sufficient additional own funds to appropriately cover professional liability risks. The competent

authority shall give reasons why it considers that the AIFM's additional own funds are insufficient.

[Note: article 14 of the AIFMD level 2 regulation]

Professional indemnity insurance

11.3.15 UK

- (1) This Article shall apply to AIFMs that choose to cover professional liability risks through professional indemnity insurance.
- (2) The AIFM shall take out and maintain at all times professional indemnity insurance that:
 - (a) shall have an initial term of no less than one year;
 - (b) shall have a notice period for cancellation of at least 90 days;
 - (c) shall cover professional liability risks as defined in Article 12(1) and (2);
 - (d) is taken out from an EU or non-EU undertaking authorised to provide professional indemnity insurance, in accordance with Union law or national law:
 - (e) is provided by a third party entity

Any agreed defined excess shall be fully covered by own funds which are in addition to the own funds to be provided in accordance with the UK legislation that implemented Article 9(1) and (3) of Directive 2011/61/EU.

- (3) The coverage of the insurance for an individual claim shall be equal to at least 0,7 % of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).
- (4) The coverage of the insurance for claims in aggregate per year shall be equal to at least 0,9 % of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).
- (5) The AIFM shall review the professional indemnity insurance policy and its compliance with the requirements laid down in this Article at least once a year and in the event of any change which affects the policy's compliance with the requirements in this Article

[Note: article 15 of the AIFMD level 2 regulation]

11.3.15 EU

- (1) This Article shall apply to AIFMs that choose to cover professional liability risks through professional indemnity insurance.
- (2) The AIFM shall take out and maintain at all times professional indemnity insurance that:
 - (a) shall have an initial term of no less than one year;
 - (b) shall have a notice period for cancellation of at least 90 days;
 - (c) shall cover professional liability risks as defined in Article 12(1) and (2);

ш

- (d) is taken out from an EU or non-EU undertaking authorised to provide professional indemnity insurance, in accordance with Union law or national law:
- (e) is provided by a third party entity

Any agreed defined excess shall be fully covered by own funds which are in addition to the own funds to be provided in accordance with Article 9(1) and (3) of Directive 2011/61/EU.

- (3) The coverage of the insurance for an individual claim shall be equal to at least 0,7 % of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).
- (4) The coverage of the insurance for claims in aggregate per year shall be equal to at least 0,9 % of the value of the portfolios of AIFs managed by the AIFM calculated as set out in the second subparagraph of Article 14(2).
- (5) The AIFM shall review the professional indemnity insurance policy and its compliance with the requirements laid down in this Article at least once a year and in the event of any change which affects the policy's compliance with the requirements in this Article

[Note: article 15 of the AIFMD level 2 regulation]

11.3.16 R

If a *firm* satisfies the requirement referred to in IPRU-INV 11.3.11G with professional indemnity insurance it must, in addition to maintaining an amount of *own funds* to cover any defined excess, hold adequate *own funds* to cover any exclusions in the insurance policy that would otherwise result in the *firm* having insufficient resources to cover liabilities arising. A *firm* may satisfy its requirements for professional indemnity insurance with a policy that also provides cover to one or more entities other than the *firm*, provided that the policy satisfies the conditions of the *AIFMD level 2 regulation*, exclusive of the cover provided to other entities.

Liquid assets

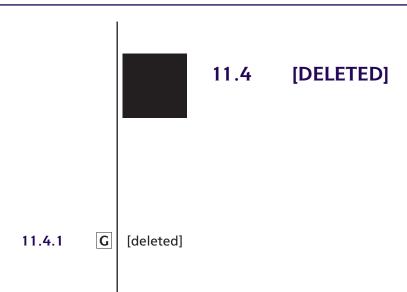

11.3.17 R

For the purposes of this chapter, liquid assets are assets which:

- (1) are readily convertible to cash within one month; and
- (2) have not been invested in speculative positions.
- 11.3.18 G

Examples of liquid assets that are acceptable under ■IPRU-INV 11.3.17R include cash, readily realisable investments that are not held for short-term resale, and debtors.

[Note: article 9(8) of AIFMD]

11.5.1 **G** [deleted]

11.6 ADDITIONAL REQUIREMENTS FOR COLLECTIVE PORTFOLIO MANAGEMENT INVESTMENT **FIRMS**

- 11.6.1 G A collective portfolio management investment firm is required to comply with MIFIDPRU in addition to ■ IPRU-INV 11.
- 11.6.2 G (1) A collective portfolio management investment firm may undertake the following MiFID business: portfolio management; investment advice; safekeeping and administration in relation to shares or units of collective investment undertakings; and (if it is an AIFM investment firm) reception and transmission of orders in relation to financial instruments.
 - (2) [deleted]
- 11.6.3 A collective portfolio management investment firm is required to comply with the applicable requirements of MIFIDPRU, in parallel with its requirements under ■ IPRU-INV 11. This means that a capital instrument or liquid asset may be used to

IPRU-INV 11/14

IPRU-INV 11 : Collective Portfolio Management Firms and Collective Portfolio...

Section 11.6 : ADDITIONAL REQUIREMENTS FOR COLLECTIVE PORTFOLIO MANAGEMENT INVESTMENT FIRMS

11.7 CAPITAL REPORTING

11.7.1

The reporting requirements of capital adequacy for a collective portfolio management firm and a collective portfolio management investment firm are set out in ■ SUP 16.12 (Integrated regulatory reporting). In summary, the relevant capital adequacy forms for its business of managing an AIF or managing a UK UCITS are as follows:

- (1) a collective portfolio management firm is required to submit FIN066 (and FSA042 if it is a UCITS firm); and
- (2) a collective portfolio management investment firm is required to submit FIN067 (and FSA042 if it is a UCITS investment firm) and also report in accordance with ■ MIFIDPRU 9.

Interim Prudential sourcebook for Investment Businesses

Chapter 12

Financial resources requirements for operators of electronic systems in relation to lending.

APPLICATION AND PURPOSE 12.1

Application

- 12.1.1 R This chapter applies to an operator of an electronic system in relation to lending.
- 12.1.2 This chapter amplifies the threshold condition 2D (Appropriate resources) by providing that a *firm* must meet, on a continuing basis, a basic solvency requirement. This chapter also builds on *Principle 4* which requires a *firm* to maintain adequate financial resources by setting out appropriate requirements for a firm according to what type of firm it is.
- G 12.1.3 Prudential standards have an important role in minimising the risk of harm to consumers by requiring a firm to behave prudently in monitoring and managing business and financial risks.
- G 12.1.4 More generally, having adequate financial resources gives the firm a degree of resilience and some indication to consumers of creditworthiness, substance and the commitment of its owners. The rules in this chapter aim to ensure that a firm has financial resources which can provide cover for operational and compliance failures and pay redress, as well as reducing the possibility of a shortfall in funds and providing a cushion against disruption if the firm ceases to trade.

Relevant accounting principles

A firm must recognise an asset or liability, and measure its amount, in 12.1.5 R accordance with the relevant accounting principles applicable to it for the purpose of preparing its annual financial statements unless a rule requires otherwise.

Actions for damages

A contravention of the rules in this chapter does not give rise to a right of 12.1.6 R action by a private person under section 138D of the Act (and each of those rules is specified under section 138D(3) of the Act as a provision giving rise to no such right of action).

Interpretation

12.1.7 The definitions in the glossary at ■ IPRU-INV 12 Appendix 1 apply to terms shown in **bold** type this chapter. Where the term is italicised, the FCA Handbook Glossary definition applies.

12.2 FINANCIAL RESOURCES REQUIREMENTS

General solvency requirement

12.2.1 R A firm must at all times be able to meet its liabilities as they fall due.

General financial resource requirement

12.2.2 R A firm must ensure that at all times its financial resources are not less than its financial resources requirement.

Financial resources requirement: firms carrying on other regulated activities

- The **financial resources requirement** for a *firm* carrying on one or more regulated activities in addition to operating an electronic system in relation to lending, is the higher of:
 - (1) the **financial resources requirement** which is applied by this chapter; and
 - (2) the financial resources or own funds requirement which is applied by another *rule* or by directly applicable legislation of the *UK* to the *firm*.

Financial resources requirement

- 12.2.4 R On its accounting reference date in each year, a firm must calculate:
 - (1) the total value of loaned funds outstanding on that date; and
 - (2) the sum of:
 - (a) 0.2% of the first £50 million of that total value;
 - (b) 0.15% of the next £200 million of that total value;
 - (c) 0.1% of the next £250 million of that total value; and
 - (d) 0.05% of any remaining total value.
- The total value of *loaned funds* outstanding is the total amount of funds that are currently being provided to borrowers under *P2P agreements* through an *operator of an electronic system in relation to lending*.

- 12.2.6

The financial resources requirement for a firm to which this chapter applies is the higher of:

- (1) £50,000; and
- (2) the sum calculated in accordance with IPRU-INV 12.2.4R(2) for the period until (subject to ■IPRU-INV 12.2.9R) its next accounting reference date.
- 12.2.7

R

To determine a *firm's* **financial resources requirement** for the period beginning on the date on which it obtains a Part 4A permission and ending on the day before its next accounting reference date, the firm must carry out the calculation in ■ IPRU-INV 12.2.4R(2) on the basis of the total value of loaned funds the firm projects will be outstanding on the day before its next accounting reference date.

Determining the financial resources requirement

G 12.2.8

If the firm has 30,000 individuals each lending £100,000, the total value of the firm's loaned funds outstanding is £3,000,000,000. If the firm does not carry on any other regulated activity to which another higher financial resources or own funds requirement applies, its financial resources requirement is £1,900,000. This is calculated as follows:

- (1) $0.2\% \times £50,000,000 = £100,000$;
- (2) $0.15\% \times £200.000.000 = £300.000$:
- (3) $0.1\% \times £250,000,000 = £250,000;$
- (4) $0.05\% \times £2,500,000,000 = £1,250,000$.

Recalculating the financial resources requirement

12.2.9

R

If the firm experiences a greater than 25% increase in the total value of loaned funds outstanding compared to the value used in its last financial resources requirement calculation, it must recalculate its financial resources requirement using the higher total value of loaned funds outstanding.

12.2.10

A firm must notify the FCA of any change, or any likely change, in its financial resources requirement within 14 days of that change, or it becoming aware that the change is likely, whichever is the earlier.

12.3 CALCULATION OF FINANCIAL RESOURCES

- 12.3.1 R
- (1) A firm must at all times have available the amount and type of financial resources required by this chapter (see IPRU-INV 12.3.2R).
- (2) In arriving at its calculation of its **financial resources**, a firm must deduct certain items (see IPRU-INV 12.3.3R).
- 12.3.2 R Table: Items which are eligible to contribute to the financial resources of a firm

ı					
		Item	Addi	itional	explanation
	1.	Share capital	This must be fully paid and may include:		
			(1)	ordi	nary <i>shar</i> e capital; or
			(2)	prefe	erence <i>share</i> capital (excluding erence <i>shares</i> redeemable by eholders within two years).
	2.	Capital other than share capital (for example, the capital of a sole trader, partnership or limited liability partnership)	The capital of a sole trader is the net balance on the firm's capital account and current account. The capital of a partnership is the capital made up of the partners':		
			(1)	capit	tal account, that is the account:
				(a)	into which capital contributed by the <i>partners</i> is paid; and
				(b)	from which, under the terms of the <i>partnership</i> agreement, an amount representing capital may be withdrawn by a <i>partner</i> only if:
					(i) he ceases to be a partner and an equal amount is transferred to another such account by his former partners or any person replacing him as their partner; or

	Item	Δdd	itional explanation		
	rtein	Auu	(ii) the <i>partnership</i> is otherwise dissolved or wound up; and		
		(2)	current accounts according to the most recent financial statement.		
		cial	the purpose of the calculation of finan- resources , in respect of a defined bene- resources pension scheme:		
		(1)	a firm must derecognise any defined benefit asset;		
		(2)	a firm may substitute for a defined be- nefit liability the firm's deficit reduc- tion amount, provided that the elec- tion is applied consistently in respect of any one financial year.		
3.	Reserves (Note 1)	cum (afte prier rese prer atio	These are, subject to Note 1, the audited accumulated profits retained by the <i>firm</i> (after deduction of tax, dividends and proprietors' or <i>partners</i> ' drawings) and other reserves created by appropriations of share premiums and similar realised appropriations. Reserves also include gifts of capital, for example, from a <i>parent undertaking</i> .		
		For the purposes of calculating financial re sources , a <i>firm</i> must make the following ac justments to its reserves, where appropriate:			
		(1)	a firm must deduct any unrealised gains or, where applicable, add back in any unrealised losses on debt instruments held, or formerly held, in the available-for-sale financial assets category;		
		(2)	a firm must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments meas- ured at cost or amortised cost;		
		(3)	in respect of a defined benefit occupational pension scheme:		
			(a) a firm must derecognise any de- fined benefit asset;		
			(b) a firm may substitute for a defined benefit liability the firm's deficit reduction amount, provided that the election is applied consistently in respect of any one financial year.		

	Item	Additional explanation			
4.	Interim net profits (Note 1)	If a <i>firm</i> seeks to include interim net profits in the calculation of its financial resources , the profits have, subject to Note 1, to be verified by the <i>firm</i> 's external auditor, net of tax, anticipated dividends or proprietors' drawings and other appropriations.			
5.	Revaluation reserves				
6.	Subordinated loans/ debt	Subordinated loans/debt must be included in financial resources on the basis of the provisions in this chapter that apply to subordinated loans/debt.			
Note					
1	Reserves must be audited and interim net profits, general and collective provisions must be verified by the <i>firm</i> 's external auditor unless the <i>firm</i> is exempt from the provisions of Part VII of the Companies Act 1985 (section 249A (Exemptions from audit)) or, where applicable, Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.				

12.3.3 R Table: Items which must be deducted in arriving at financial resources

1	Investments in own shares
2	Investments in subsidiaries (Note 1)
3	Intangible assets (Note 2)
4	Interim net losses (Note 3)
5	Excess of drawings over profits for a <i>sole trader</i> or a <i>partnership</i> (Note 3)
Notes	1. Investments in subsidiaries are the full balance sheet value.
	2. Intangible assets are the full balance sheet value of goodwill, capitalised development costs, brand names, trademarks and similar rights and licences.
	3. The interim net losses in row 4, and the excess of drawings in row 5, are in relation to the period following the date as at which the capital resources are being computed.

Subordinated loans/debt

12.3.4 R

A subordinated loan/debt must not form part of the **financial resources** of the *firm* unless it meets the following conditions:

- (1) it has an original maturity of:
 - (a) at least five years; or
 - (b) it is subject to five years' notice of repayment;

- (2) the claims of the subordinated creditors must rank behind those of all unsubordinated creditors:
- (3) the only events of default must be non-payment of any interest or principal under the debt agreement or the winding up of the firm and such event of default must not prejudice the subordination in (2);
- (4) the remedies available to the subordinated creditor in the event of non-payment or other default in respect of the subordinated loan/ debt must be limited to petitioning for the winding up of the firm or proving the debt and claiming in the liquidation of the firm;
- (5) the subordinated loan/debt must not become due and payable before its stated final maturity date except on an event of default complying with (3);
- (6) the agreement and the debt are governed by the law of England and Wales, or of Scotland or of Northern Ireland;
- (7) to the fullest extent permitted under the rules of the relevant jurisdiction, creditors must waive their right to set off amounts they owe the firm against subordinated amounts owed to them by the firm;
- (8) the terms of the subordinated loan/debt must be set out in a written agreement that contains terms that provide for the conditions set out in this rule; and
- (9) the loan/debt must be unsecured and fully paid up.

12.3.5 When calculating its **financial resources**, the *firm* must exclude any amount by which the aggregate amount of its subordinated loans/debts exceeds the amount calculated as follows:

a - b

where:

Items 1 -5 in the table of items which are eligible to contribа ute to a firm's financial resources (see IPRU-INV 12.3.2R)

Items 1-5 in the table of items which must be deducted b from a firm's financial resources (see IPRU-INV 12.3.3R)

G 12.3.6 ■ IPRU-INV 12.3.5R can be illustrated as follows:

Share Capital £20,000

Reserves £30,000

Subordinated loans/debts £10,000

£10,000 **Intangible Assets**

As subordinated loans/debts (£10,000) are less than the total of share capital + reserves - intangible assets (£40,000) the firm need not exclude any

12

of its subordinated loans/debts pursuant to IPRU-INV 12.3.5R. Therefore, total **financial resources** will be £50,000.

Share Capital £20,000

Reserves £30,000

Subordinated loans/debts £60,000

Intangible Assets £10,000

As subordinated loans/debts (£60,000) exceed the total of share capital + reserves – intangible assets (£40,000) by £20,000, the *firm* should exclude £20,000 of its subordinated loans/debts when calculating its **financial resources**. Therefore, total **financial resources** will be £80,000.

12.4 **NOTIFICATION REQUIREMENTS**

G 12.4.1

Handbook reference	Matter to be notified	Contents of notification	Trigger event	Time allowed
IPRU-INV 12.2.10R	A change or likely change, in a firm's financial resources requirement	The financial resources requirement as recalculated	A greater than 25% increase in the firm's total value of the amount of loaned funds outstanding compared to the value used in its last financial resources requirement calculation	Within 14 days of the trigger event

12 App 1 Appendix 1: Glossary of terms for IPRU(INV) 12

App 1 **Terms**

12App1.1 |G| If a defined term does not appear in the IPRU(INV) glossary below, the definition appearing in the main Handbook Glossary applies.

> financial resources a firm's financial resources as calculated in accordance with IPRU(INV) 12.3 (Calculation of financial resources).

requirement

financial resources an amount of financial resources that a firm must hold as set out in IPRU(INV) 12.2 (Financial resources requirements).

Interim Prudential sourcebook: Investment Business

Chapter 13

Financial Resources Requirements for Personal Investment Firms

■ Release 49 ● Jul 2025

13.1 APPLICATION, GENERAL **REQUIREMENTS AND** PROFESSIONAL INDEMNITY INSURANCE REQUIREMENTS

Application

- This chapter applies to a firm which is a personal investment firm. 13.1.1
 - (2) [deleted]
 - (3) [deleted]

13.1.2

Purpose This chapter amplifies threshold condition 2D (Appropriate resources) by providing that a *firm* must meet, on a continuing basis, a basic solvency requirement and a minimum capital resources requirement. This chapter also amplifies *Principles* 3 and 4 which require a *firm* to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources by setting out capital resources for a firm according to the regulated activity or activities it carries on.

G 13.1.3

Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a firm faces in its day-to-day operations, including those arising from not meeting the legally required standard of care when advising on investments. The purpose of the rules in this section is also to ensure that a *firm* has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks.

IPRU-INV 13/2

General capital resources and solvency requirements

13.1.4 R

A firm must at all times:

- (1) have and maintain capital resources at least equal to its relevant capital resources requirement; and
- (2) be able to meet its liabilities as they fall due.

Capital resources: general accounting principles

13.1.4A R

Unless a rule provides otherwise, a firm must:

- (a) recognise an asset or liability; and
- (b) measure the amount of that asset or liability,

by using the accounting principles it applies in preparing the *firm*'s reporting form in (2).

(2) The accounting principles are referred to in the Notes for completion of the Retail Mediation Activities Return (*RMAR*) (under the heading "Accounting Principles") in ■ SUP 16 Annex 18BG.

Requirement to hold professional indemnity insurance

13.1.5 R

A *firm* must take out and maintain at all times professional indemnity insurance that is at least equal to the requirements in this section from:

- (1) an *insurance undertaking* which is authorised to transact professional indemnity insurance in the *UK*
- (2) a person of equivalent status in:
 - (a) a Zone A country;
 - (b) the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

[Note: articles 10(4) and 10(5) of the IDD

13.1.6 R

[deleted]

Comparable guarantee

13.1.7 R

- (1) A *firm* is not required to effect or maintain professional indemnity insurance if a *bank*, *building society* or an *insurer* provides the *firm* with a comparable quarantee.
- (2) If the *firm* is a member of a *group* in which there is a *bank*, *building* society or an *insurer*, the *firm*'s comparable guarantee must be from that *bank*, *building* society or *insurer*.
- (3) A comparable guarantee means an enforceable, written agreement on terms at least equal to those required by IPRU-INV 13.1.9R to 13.1.13R, as appropriate.

Relevant income

R 13.1.8

The term "relevant income" in this section refers to all income received or receivable which is commission, brokerage, fees or other related income, whether arising from the firm's permitted activities or not, for the last accounting year prior to inception or renewal of the professional indemnity insurance policy ("the policy").

Policy terms

..... 13.1.9 R The policy must incorporate terms which are appropriate and must make provision for cover in respect of any claim for loss or damage, for which the firm may be liable as a result of an act or omission by:

- (1) the firm; or
- (2) any person acting on behalf of the firm including employees, appointed representatives or its other agents.

Limits of indemnity

If the firm is an IDD insurance intermediary, the appropriate minimum limits 13.1.10 R of indemnity per year are no lower than:

- (1) EUR 1,300,380 for a single claim against the firm; and
- (2) EUR 1,924,560 in the aggregate.

[Note: articles 10(4) and 10(5) of the IDD]

- 13.1.11 R [deleted]
- 13.1.12 [deleted]

13.1.13

If the firm is not an IDD insurance intermediary, then the following limits of indemnity apply:

- (1) if the *firm* has relevant income of up to £3,000,000, no lower than £500,000 for a single *claim* against the *firm* and £500,000 in the aggregate; or
- (2) if the *firm* has relevant income of more than £3,000,000, no lower than £650,000 for a single claim against the *firm* and £1,000,000 in the aggregate.

13.1.14 G [deleted]

13.1.15 R

If a policy is denominated in any currency other than euros, a *firm* must take reasonable steps to ensure that the *limits of indemnity* are, when the policy is effected (i.e. agreed) and at renewal, at least equivalent to those denominated in euros.

13.1.16 G

A firm should consider whether the overall cover is adequate taking account of 13.1.22G(2) and whether the firm should seek additional cover or legal expenses insurance. (Legal defence costs are costs of defence against claims that fall under the terms of the policy.)

13.1.17 **G**

The cover provided by the policy should be wide enough to include the liability of the *firm*, its *appointed representatives*, its *tied agents*, *employees* and its agents for breaches under the *regulatory systems* or civil law. If the *firm* operates outside the *United Kingdom* then the policy should cover other regulatory requirements imposed under the laws of other countries in which the *firm* operates.

Policies providing for more than one firm

13.1.18 R

R | If the *policy* provides cover to more than one *firm* then:

- (1) The relevant income for calculating the limits of indemnity is that of all the *firms* named in the policy combined;
- (2) each *firm* named in the policy must have the benefit of the minimum *limits of indemnity* as required in this section; and
- (3) each *firm* named in the policy must notify the *FCA* if the aggregate cover in the policy falls below the minimum *limits of indemnity*.

Limits of indemnity – additional requirements

13.1.19 R

In addition to the specific requirements in ■ IPRU(INV) 13.1.9R to ■ IPRU(INV) 13.1.13R

- , the policy must make provision for the following:
 - (1) for a *firm* with relevant income of more than £10,000,000, the aggregate limit identified in the table below:

Relevant income is (£)	Minimum aggregate limit of indemnity
more than	up to	(£)
10,000,000	12,500,000	2,000,000
12,500,000	15,000,000	2,400,000
15,000,000	17,500,000	2,800,000
17,500,000	20,000,000	3,150,000
20,000,000	25,000,000	3,800,000
25,000,000	30,000,000	4,250,000
30,000,000	35,000,000	4,500,000
35,000,000	40,000,000	4,750,000
40,000,000	50,000,000	5,500,000
50,000,000	60,000,000	6,000,000
60,000,000	70,000,000	6,750,000
70,000,000	80,000,000	7,250,000
80,000,000	90,000,000	7,750,000
90,000,000	100,000,000	8,500,000
100,000,000	150,000,000	11,250,000
150,000,000	200,000,000	14,000,000
200,000,000	250,000,000	17,000,000
250,000,000	300,000,000	19,750,000
300,000,000	n/a	22,500,000

- (2) full retroactive cover in respect of the kinds of liabilities described in 13.1.9R for claims arising from work carried out by the *firm*, or on its behalf, in the past; and
- (3) cover in respect of *Ombudsman* awards made against the *firm*.

Limitations

- The policy must not be subject to conditions or exclusions which unreasonably limit its cover.
- 13.1.20A The policy must not limit cover which would otherwise be provided by the policy where:
 - (1) any of the following default:
 - (a) the firm; or
 - (b) a person or fund relevant to a potential claim; or
 - (2) a person other than the firm is entitled to make a claim on the policy.
- 13.1.20B
 IPRU(INV) 13.1.20AR does not limit the generality of the scope of IPRU(INV) 13.1.20R.
 - (2) In ■IPRU(INV) 13.1.20R and ■IPRU(INV) 13.1.20AR, "limit cover" includes limiting by exclusion, by policy excesses or otherwise.
 - (3) In IPRU(INV) 13.1.20AR, "default" means becoming:
 - (a) in default;
 - (b) insolvent or likely to be unable to satisfy claims against it; or
 - (c) the subject of one or more of the proceedings listed in COMP 6.3.3R in the *United Kingdom* (or of equivalent or similar proceedings in another jurisdiction) whether or not a determination under COMP 6.3.3R has been made.
- 13.1.20C R The policy's terms must include a statement confirming that the policy complies with IPRU(INV) 13.1.20AR.
- (1) An example of a *person* or fund relevant to a potential claim (see IPRU(INV) 13.1.20AR(1)(b)) is a fund the *firm* advised its *customers* to invest in.
 - (2) An example of a *person* entitled to make a claim under the policy (see IPRU(INV) 13.1.20AR(2)) is:
 - (a) a customer of the firm or related person by virtue of the Third Parties (Rights Against Insurers) Act 2010; or
 - (b) the FSCS.
 - (3) One of the purposes of ■IPRU(INV) 13.1.20AR(2), taken with COMP, is that a claim on the policy by the FSCS is treated as each of the claims the FSCS's claim represents, taken separately. For example, the FSCS

may make a claim on the policy in relation to each claim under (2)(a) as a result of assignment.

•••••

Exclusions

13.1.21

The policy must not:

- (1) exclude any type of business or activity that has been carried out by the firm in the past or will be carried out by the firm during the time for which the policy is in force; or
- (2) exclude liabilities which are identified or crystallised as a result of regulatory action against the firm (either individually or as a member of a class of authorised persons);

unless the firm holds additional capital resources, in accordance with ■ 13.1.23R.

G 13.1.22

- (1) The FCA considers it reasonable for a firm's policy to exclude cover for:
 - (a) specific business lines if that type of business has not been carried out by the firm in the past and will not be carried out by the firm during the life of the policy; or
 - (b) specific claims that have been previously notified to the firm's insurer and claimed for under another policy.
- (2) The FCA does not consider it reasonable for a firm's policy to treat legal defence costs cover as part of the limits of indemnity if this reduces the cover available for any individual substantive claim.

Additional capital resources - exclusions

13.1.23 R

The amount of additional capital resources that a firm must hold as a result of an exclusion under ■ IPRU-INV 13.1.21R must be calculated by referring to the firm's relevant income in the following table:

Relevant income £000s		Minimum additional capital resources
more than	up to	£000s
		(Notes 1 and 2)
0	100	5
100	200	12
200	300	18
300	400	21
400	500	23
500	600	25
600	700	27

700	800	28
800	900	30
900	1,000	31
1,000	1,500	37
1,500	2,000	42
2,000	2,500	46
2,500	3,000	51
3,000	3,500	55
3,500	4,000	59
4,000	4,500	63
4,500	5,000	67
5,000	6,000	73
6,000	7,000	79
7,000	8,000	85
8,000	9,000	90
9,000	10,000	95
10,000	100,000	95y
100,000	n/a	950

Note 1 - For *firms* with relevant income of more than £10m but up to £100m value y is calculated by relevant income/ £10m.

Note 2 - The calculation of a *firm*'s capital resources is set out in sections IPRU-INV 13.13 to 13.15.

The *firm* should hold additional capital resources in excess of those minimum amounts set out in the table in 13.1.23R where the required amounts of additional capital resources provide insufficient cover, taking into account the *firm*'s individual circumstances.

Excess level

- The policy must not make provision for payment by the *firm* of an excess on any claim of more than £5,000, unless the *firm* holds additional capital resources, in accordance with 13.1.27R.
- The reference to "excess" is to the highest excess level required to be paid under the policy unless that excess relates to a type of business that has not been carried out by the *firm* in the past. In those circumstances, the reference is to the next highest excess level required by the policy applicable to a type of business that has been carried out by the *firm* in the past.

Additional capital resources - excess

13.1.27

The amount of additional capital resources that a firm must hold where the policy's excess on any claim is more than £5,000 must be calculated by referring to the firm's relevant income and excess obtained in the following table:

All amounts are shown in £000s (Notes 1 and 2)

Relevan	t in-	Exc	cess c	btai	ned,	up to	and	inclu	ding				
more than	up to	5	10	15	20	25	30	40	50	75	100	150	200+

Note 1 - For *firms* with relevant income more of £10m but up to £100m value y is calculated by relevant income/ £10m.

Note 2 - The calculation of a *firm*'s capital resources is set out in section IPRU-INV 13.13 to 13.15.

Notification requirements

13.1.28 R

A firm must notify the FCA immediately if it becomes aware, or has information which reasonably suggests, that any of the following matters in relation to its professional indemnity insurance has occurred, may have occurred or may occur in the foreseeable future:

- (1) professional indemnity insurance cannot be obtained within 28 days of the inception or renewal date;
- (2) professional indemnity insurance is cancelled;
- (3) the amount of aggregate cover is exhausted;
- (4) the *firm* commences business lines for which it had not obtained cover;
- (5) the firm is relying on a policy cover for more than one firm; or
- (6) the *firm* is relying on a comparable guarantee provided in accordance with the *rules* in this chapter.

13.1.29 G

- (1) For the purposes of the provisions relating to professional indemnity insurance, "additional capital resources" means readily realisable *own funds* or capital resources under IPRU-INV 13.15.3R, depending on the type of firm.
- (2) The FCA expects items included in own funds or capital resources under ■IPRU-INV 13.15.3R, depending on the type of firm, to be regarded as "readily realisable" only if they can be realised, at any given time, within 90 days.

13.13 CAPITAL RESOURCES REQUIREMENT FOR A PERSONAL INVESTMENT FIRM

Application

13.13.1 R This section applies to a personal investment firm.

Requirement

- 13.13.2 R
- (1) A *firm* to which *MIPRU* does not apply must calculate its capital resources requirement as in (2).
- (2) The *firm* must calculate its capital resources requirement as the higher of:
 - (a) £20,000; and
 - (b) the amount equivalent to the applicable percentage of its *annual* income specified in table 13.13.2(2)(b), depending on the type of firm

Table 13.13.2(2)(b)

This table forms part of ■ IPRU-INV 13.13.2R.

		(C)
(4)	(B)	Applicable percentage of annual
(A)	Type of firm	income
(2)	Category B1 firm	10%
(3)	Category B2 firm	10%
(4)	Category B3 firm which is permitted to carry on the activity of managing investments in respect of portfolios containing only life policies or to delegate such activity to an investment firm	10%
(5)	Category B3 firm not in (4)	5%

- 13.13.3 R
- (1) A *firm* to which *MIPRU* also applies must calculate its capital resources requirement as in (2).
- (2) The *firm* must calculate its capital resources requirement as the higher of:
 - (a) £20,000; and

(b) the sum of:

- (i) the amount that would have applied to it under IPRU-INV 13.13.2R(2)(b) if it were a *firm* of the type in column (B) of table 13.13.2(2)(b); and
- (ii) the capital resources requirement in MIPRU 4.2. (Capital resources requirements), after excluding the fixed amounts specified in table 13.13.3(2)(b)(ii).

Table 13.13.3(2)(b)(ii)

This table forms part of ■ IPRU-INV 13.13.3R.

Provision	Fixed amount
MIPRU 4.2.11R(1)(a) (firm not holding client money or assets)	£5,000
MIPRU 4.2.11R(2)(a) (firm holding client money or assets)	£10,000
MIPRU 4.2.12R(1)(a)	£100,000
MIPRU 4.2.19R(1)	£100,000
MIPRU 4.2.23R(1)	£100,000
	MIPRU 4.2.11R(1)(a) (firm not holding client money or assets) MIPRU 4.2.11R(2)(a) (firm holding client money or assets) MIPRU 4.2.12R(1)(a) MIPRU 4.2.19R(1)

13.13.4 **G**

- (1) IPRU-INV 13.13.4G(2) illustrates how a *firm* that is subject to this section and *MIPRU* calculates its capital resources requirement under IPRU-INV 13.13.3R.
- (2) Example: A category B3 firm with annual income of £300,000 under this section and £100,000 from its home finance mediation activity (without holding client money) should calculate capital resources requirement as specified in table 13.13.4G(2).

Table 13.13.4G(2)

This table forms part of ■ IPRU-INV 13.13.4G.

Requirement	Calculation	Amount
The capital resources requirement is the higher of:		
(1) £20,000; and	£20,000	£20,000
(2) The sum of:		
(a) the amount that would have applied to it under IPRU-INV 13.13.2R(2)(b) if it were a firm of the type in col	As this is a category B3 firm, the applicable calculation is 5% of £300,000.	£15,000

Requirement	Calculation	Amount
B) of table 2(2)(b); and		
e capital resources ement in MIPRU apital resources ements), after ex- g the fixed nts specified in 13.13.3(2)(b)(ii).	For a firm carrying on home finance mediation activity without holding client money, MIPRU 4.2.11R(1) specifies a requirement of 2.5% of £100,000 (excluding the amount of £5,000 in MIPRU 4.2.11R(1)(a)).	£2,500
	Total of part (2) of the capital resources requirement, which is £15,000 plus £2,500.	£17,500
	The capital resources requirement is the higher of part (1), which is £20,000, and part (2), which is £17,500.	£20,000
֡	B) of table 2(2)(b); and e capital resources ement in MIPRU apital resources ements), after exg the fixed into specified in	B) of table 2(2)(b); and e capital resources ement in MIPRU home finance mediation activity without holding client money, MIPRU 4.2.11R(1) specifies a requirement of 2.5% of £100,000 (excluding the amount of £5,000 in MIPRU 4.2.11R(1)(a)). Total of part (2) of the capital resources requirement, which is £15,000 plus £2,500. The capital resources requirement is the higher of part (1), which is £20,000, and part (2),

13.13.5 R

A firm whose permission includes establishing, operating or winding up a personal pension scheme must calculate its capital resources requirement as the sum of:

- (1) the capital resources requirement that is applied under IPRU-INV 13.13.2R(2) or IPRU-INV 13.13.3R(2); and
- (2) the financial resources requirement calculated in accordance with IPRU-INV 5 (Investment Management Firms).

13.14 **CALCULATION OF ANNUAL INCOME FOR A PERSONAL INVESTMENT FIRM**

Application

13.14.1 This section applies to a personal investment firm.

Annual income

- 13.14.2 R This section applies to a firm when it calculates annual income for its capital resources requirement.
- 13.14.3 R (1) "Annual income" is the annual income from the firm's designated investment business as given in its reporting form in (3) drawn up at its most recent accounting reference date.
 - (2) In (1), the most recent accounting reference date is the last one for which the firm reported annual income.
 - (3) The relevant reporting form under SUP 16.12 is the Retail Mediation Activities Return (RMAR) (Section B: Profit and Loss Account).
 - (4) If the firm's most recent reporting form does not cover a 12-month period, the annual income is derived by converting the amount reported, proportionally, to a 12-month period.
 - (5) If the firm does not yet have a reporting form under (1), the annual income is taken from the forecast or other appropriate accounts which the firm has submitted to the FCA.
- 13.14.4 Annual income must include the following amounts due to the firm in respect of its designated investment business:
 - (1) brokerage;
 - (2) fees;
 - (3) commissions; and
 - (4) other related income (for example, administration charges or profit shares).

IPRU-INV 13/18

- A firm should include in its annual income those amounts it may have agreed to pay to other persons involved in a transaction, such as other intermediaries or self-employed advisers.
- A firm should not include in its annual income those amounts due to it that are used in the calculation of its capital resources requirement under

 MIPRU 4.2.11R (Capital resources requirement: insurance distribution activity or home finance mediation activity only) or MIPRU 4.2.20R (Capital resources requirement: insurance distribution activity and home financing, or home finance administration).
- For the purpose of IPRU-INV 13.4.3R, a *firm* should ensure that the amount of *annual income* adequately reflects the level of its *designated investment business* when deciding whether to add any income not included under any of the reporting forms in IPRU-INV 13.14.3R(3). In doing so, the *firm* should have regard to its circumstances, for example, where such income is being accounted for by a third party.
- 13.14.8 If a firm is a principal, its annual income includes amounts due to its appointed representative for activities related to designated investment business for which the firm has accepted responsibility.
- 13.14.9 G If a firm is a network, its annual income should include the relevant income due to all of its appointed representatives for designated investment business.

13.15 **CALCULATION OF OWN FUNDS** TO MEET THE CAPITAL RESOURCES REQUIREMENT FOR A PERSONAL INVESTMENT **FIRM**

.....

Application

13.15.1 R This section applies to a personal investment firm.

13.15.2 G [deleted]

13.15.3 A firm must calculate its capital resources in accordance with table 13.15.3(1). Table 13.15.3(1)

This table forms part of ■ IPRU-INV 13.15.3R.

Capital resources **Companies Sole traders: Partnerships** Balances on proprietor's or partners'

Paid-up share capital (excluding preference shares redeemable by shareholders within two years)

Eligible LLP members' capital

Share premium account

Retained profits (see IPRU-INV 13.15.4R) and interim net profits (Note 1)

Revaluation reserves

Subordinated loans (see IPRU-INV 13.15.7R)

Debt capital

less

- Intangible assets
- Material current year losses
- Excess LLP members' drawings

less

13.15.7R)

- Intangible assets

capital accounts

- current accounts

(see IPRU-INV 13.15.4R)

Revaluation reserves

- Material current year losses
- Excess of current year drawings over current year profits

Subordinated loans (see IPRU-INV

Note 1

Retained profits must be audited and interim net profits must be verified by the firm's external auditor, unless the firm is exempt from the provi

IPRU-INV 13/20

Capital resources

sions of Part 16 of the Companies Act 2006 (section 477 (Small companies: Conditions for exemption from audit)) relating to the audit of accounts.

13.15.4 R

When calculating a *firm's* capital resources, the following adjustments apply to retained profits or (for *sole traders* or *partnerships*) current accounts figures:

- (1) a *firm* must deduct any unrealised gains or, where applicable, add back in any unrealised losses on cash flow hedges of financial instruments measured at cost or amortised cost;
- (2) a firm must de-recognise any defined benefit asset;
- (3) a firm may substitute for a defined benefit liability its deficit reduction amount and that election must be applied consistently in respect of any one financial year;
- (4) a *firm* must deduct any unrealised gains on investment property and include these within revaluation reserves; and
- (5) where applicable, a *firm* must deduct any asset in respect of deferred acquisition costs and add back in any liability in respect of deferred income (but exclude from the deduction or addition any asset or liability which will give rise to future cash flows), together with any associated deferred tax.

13.15.5 G

A firm should keep a record of, and be ready to explain to its supervisory contacts in the FCA, the reasons for any difference between the deficit reduction amount and any commitment the firm has made in any public document to provide funding in respect of a defined benefit occupational pension scheme.

Personal assets

13.15.6 G

Where a firm is a sole trader or a partnership:

(1) it can use (to the extent necessary to make up any shortfall in the required resources) any of its personal assets (not being needed to meet liabilities arising from its personal activities and any business activities not regulated by the FCA);

.....

(2) the *firm*'s total financial resources, from whatever source, must at all times be sufficient to cover its total liabilities.

13.15.7 R

A *firm* may include a short-term subordinated loan as capital resources (see table in ■ IPRU-INV 13.15.3R), if all the conditions in ■ IPRU-INV 13.15.8R are satisfied.

13.15.8

The conditions referred to in ■ IPRU-INV 13.15.7R are:

- (1) the subordinated loan must have an original maturity of at least two years or, if it has no fixed term, it is subject to not less than two years' notice of repayment;
- (2) the agreement governing the subordinated loan must not permit payment of interest unless a firm has at least 120% of its capital resources requirement after that payment;
- (3) the agreement governing the subordinated loan must only permit repayment, prepayment or termination on:
 - (a) maturity, or on expiration of the period of notice, if a firm has at least 120% of its capital resources requirement after that payment or termination; or
 - (b) winding up after the claims of all other creditors and all outstanding debts have been settled;
- (4) the agreement governing the subordinated loan is in the standard form for short term subordinated loans prescribed by the FCA (see form 13.1 Form of subordinated loan agreement for personal investment firms); and
- (5) the restrictions in IPRU-INV 13.15.9R and IPRU-INV 13.15.10R are complied with.

Restrictions

13.15.9

R

A firm must calculate:

- (1) the aggregate amount of its short-term subordinated loans and its preference shares which are not redeemable within two years;
- (2) the amount of the firm's total capital and reserves excluding preference share capital, less the amount of its intangible assets, multiplied by 400%.

13.15.10 R

A firm must treat as a liability in the calculation or its capital resources any amount by which the sum of ■IPRU-INV 13.15.9R(1) exceeds the product of ■ IPRU-INV 13.15.9R(2).

Chapter 14

Chapter 14 Consolidated Supervision for Investment Businesses

■ Release 49 ● Jul 2025

14.1 APPLICATION

- 14.1.1 Subject to rule 14.1.2, consolidated supervision and this chapter apply to a firm which is a member of a group if:
 - (1) It is:
 - () a securities and futures firm, subject to the financial rules in Chapter 3, which is a broad scope firm but not a venture capital firm.
 - () [deleted]
 - () [deleted]
 - (2) [deleted]
 - (3) [Deleted]
 - (4) [Deleted]
 - (5) [Deleted]

Cases where consolidated supervision under this chapter will

- 14.1.2 A firm is not subject to consolidated supervision under the rules in this Chapter where any of the following conditions are fulfilled:
 - (1) the firm is included in the supervision on a consolidated basis of the group of which it is a member by a competent authority other than the FCA: or
 - (2) the firm is included in the supervision on a consolidated basis of the group of which it is a member by the FCA under ■ MIFIDPRU 2.5 (prudential consolidation); or
 - (3) the firm is subject, along with a MIFIDPRU investment firm, to the group capital test in ■ MIFIDPRU 2.6 (the group capital test).
- 14.1.3 G (1) [Deleted]
 - (2) [Deleted]

(3) Where there is more than one authorised *firm* in the group, subject to the rules of this chapter, one consolidated supervision return may be submitted on behalf of all the *firms* in the group in accordance with ■ SUP 16.3.25G.

Exemption from consolidated supervision

14.1.4 R

A firm need not meet the requirements in rules 14.3.1 and 14.3.2 if:

- (1) there is no credit institution in the group;
- (2) no firm in the group deals in investments as principal, except where it is dealing solely as a result of its activity of operating a collective investment scheme
- (3) [Deleted]
- (4) the *firm* notifies the *FCA* of any serious risk that could undermine the financial stability of the group as soon as it becomes aware of that risk;
- (5) the *firm* reports to the *FCA* all group *large exposures* as at the end of each quarter, and within the period specified in SUP 16;
- (6) the firm meets the conditions in rule 14.1.5; and
- (7) the *firm* has first notified the *FCA* in writing that it intends to rely on this rule.

14.1.5 R

If the *firm* notifies the *FCA* under *rule* 14.1.4 that it will not apply the rules in this section, it must:

- (1) submit to FCA a consolidated supervision return within the time period specified by SUP 16, together with a consolidated profit and loss account;
- (2) ensure that each *firm* in the group deducts from its solo financial resources any quantifiable *contingent liability* in respect of other group entities;
- (3) ensure that the solo financial resources requirement of each *firm* in the group incorporates the full value of the expenditures of the *firm* wherever they are incurred on behalf of the *firm*; and
- (4) make a note in its audited financial statements that it is not subject to regulatory consolidated capital requirements.

14.1.6 G

- (1) [Deleted]
- (2) The conditions in *rule* 14.1.5 aim to ensure that the *firm* is protected from weaknesses in other group entities.
- (3) In *rule* 14.1.5(2), *contingent liabilities* includes direct and indirect guarantees.

- (4) 14.1.5(3) aims to ensure that the expenditure-based requirement incorporates the firm's actual ongoing annual expenditures (including any share of depreciation on fixed assets) where these have been met by another group entity.
- (5) The FCA may require further information from the firm if it considers that the firm's consolidated financial position raises undue risks to consumers. It may also seek reassurance that the firm has sufficiently robust client money and asset controls - for example, it may require a skilled person's report. The FCA may also use its own initiative power to impose conditions on the firm. This could include raising additional capital or further limitations on the firm's intra-group exposures.
- (6) Rule 14.1.4(5) refers to large exposures, which should be measured against group consolidated own funds or (if this would result in all exposures being classified as large exposures) by aggregating all the exposures of the individual entities in the group and measuring them against the own funds of the individual firm giving rise to the consolidated supervision requirement. If there is more than one firm in the group giving rise to the consolidated supervision requirement, the group large exposures should be measured against the firm with the smallest own funds.

14.2 SCOPE OF CONSOLIDATION

- 14.2.1 R For the purposes of the rules in this chapter, a *firm*'s group means the *firm* and:
 - (1) any UK parent institution in the group which is a financial holding company, a credit institution, or an investment firm;
 - (2) any credit institution, investment firm or financial institution which is a subsidiary either of the firm or of the firm's UK parent institution as defined in (1); and
 - (3) any credit institution, investment firm or financial institution in which the firm or one of the entities in (1) or (2) holds a participation.
- If a group exists under rule 14.2.1, the *firm* must also include in the scope of consolidation any *ancillary services undertaking* and *asset management company* in the group.
- Rule 14.1.1 states what type of *firm* may be subject to consolidated supervision (trigger firm). Rule 14.2.1 states what type of relationship triggers the existence of a group for consolidated supervision purposes. Rules 14.2.1 and 14.2.2 specify what entities should be included in the scope of consolidated supervision.
- 14.2.4 G
- (1) A firm's parent is a financial holding company if it is either a financial institution or a securities and futures firm that is subject to the financial rules in Chapter 3 and that is a broad scope firm (but not a venture capital firm) and if its subsidiary undertakings carry out mainly listed activities, activities of a credit institution or activities undertaken by a Chapter 3 broad scope firm. For this purpose the FCA interprets the phrases 'mainly' or 'main business' to mean where the balance of business is over 40% of the relevant group or subgroup's balance sheet (measured on the basis of total assets) or profit and loss statement (measured on the basis of gross income). In addition, if the firm's parent has significant holdings in insurance undertakings or reinsurance undertakings, it is a mixed financial holding company, and the firm is subject to the rules in GENPRU 3.1 instead of the rules in this chapter. This is because a parent cannot be a financial holding company and a mixed financial holding company at the same time. GENPRU 3.1 sets out what constitutes significant insurance holdings (broadly more than 10% of the financial sector activities of the group). A firm's parent is a financial holding company and not regarded as a mixed financial holding company unless:

- (a) the parent has been notified by its coordinator that the group it heads is a financial conglomerate; and
- (b) it has not been notified that the coordinator and the relevant competent authorities have agreed not to treat the group as a financial conglomerate in accordance with regulation 16 of the financial groups directive regulations.
- (2) A firm with an ultimate non-UK parent may also be subject to the provisions in ■ GENPRU 3.2.
- (3) In the case where undertakings are linked by a consolidation article 12(1) relationship, the FCA will determine how consolidation is to be carried out.

Exclusions

14.2.5

A firm may, having first notified the FCA in writing, exclude from its group the following:

- (1) any entity the total assets of which are less than the smaller of the following two amounts:
 - (a) 10 million euros; or
 - (b) 1% of the total assets of the group's parent or the undertaking that holds the participation;

provided that the total assets of such entities do not collectively breach these limits.

- (2) any entity the inclusion of which within the group would be misleading or inappropriate for the purposes of consolidated supervision.
- G 14.2.6
- (1) The FCA may require a firm to provide information about the position in the group of any undertaking excluded from the consolidation under rule 14.2.5.
- (2) An exclusion under rule 14.2.5(2) would normally be appropriate when an entity would be excluded from the scope of consolidation under the relevant *UK* generally accepted accounting principles.

14.3 CONSOLIDATED SUPERVISION REQUIREMENT

- A firm must at all times ensure that its group maintains group financial resources in excess of its group financial resources requirement.
- A firm, other than one which is defined in rule 14.1.1(1), must at all times comply with large exposures limits applied on a group basis.

■ Release 49 ● Jul 2025

14.4 **GROUP FINANCIAL RESOURCES**

- 14.4.1 A firm must calculate its group financial resources on the basis of the consolidated accounts of the relevant group, subject to the adjustments in rule 14.4.2 and on the basis specified in rule 14.4.3.
- 14.4.2 R (1) If more than one *firm* in the group is subject to the rules of this chapter, group financial resources are defined according to the relevant rules applicable to the main firm in the group to which this chapter applies, with Tier 1 minority interests being allowed as Group Tier 1 capital and Tier 2 minority interests being allowed as Group Tier 2 capital.
 - (2) In calculating the group financial resources, deductions should be made for intangible assets, material unaudited losses incurred since the balance sheet date and investments in own shares.
 - (3) Material holdings and material insurance holdings must be recalculated on a group basis and deducted in arriving at the group financial resources.
- 14.4.3 Financial resources will be defined based upon the main firm in the group to which this chapter applies as follows:
 - (1) if a broad scope securities and futures firm (excluding a venture capital firm), Table 3-61R;
 - (2) [Deleted]
 - (3) [Deleted]
 - (4) [deleted]
 - (5) [deleted]
- 14.4.4 G (1) The FCA interprets 'main' by reference to the share of the firm's business in the group, its contribution to the group's balance sheet (measured on the basis of total assets) or profit and loss statement (measured on the basis of gross income).

IPRU-INV 14/8

- (2) The form in SUP 16 Ann 19 R, together with the guidance in SUP 16 Ann 20 G, shows the mechanics of the calculation.
- 14.4.5 G A *firm* may apply for a *waiver* of *rule* 14.4.1 to permit an aggregation approach to determine *group financial resources*. Any *waiver* application should guarantee future compliance with any relevant own funds limit.

■ Release 49 ● Jul 2025

14.5 **GROUP FINANCIAL RESOURCES REQUIREMENT**

- 14.5.1 A firm must calculate its group financial resources requirement as the aggregate of:
 - (1) the sum of the financial resources requirements of all group entities within the scope of consolidation calculated in accordance with rule 14.5.2, except that:
 - (a) requirements in respect of intra-group balances with other entities within the scope of consolidation should be excluded;
 - (b) [deleted]
 - (2) the sum of any adjustments that are made to each firm's financial resources, calculated on a solo basis in accordance with rule 14.4.3, in order to arrive at the amount of financial resources used to meet its solo financial resources requirement. These adjustments must exclude deductions in respect of the investment in and other relationships with other entities that are included within the scope of consolidation.
 - (3) [deleted]

The financial resources requirements of entities in which the group holds a participation must be included proportionately.

- 14.5.2 Financial resources requirements for individual entities in the group are:
 - (1) for firms regulated by the FCA, their regulatory capital requirement under FCA rules;
 - (2) [deleted]
 - (2A) for entities that are recognised third country credit institutions or recognised third country investment firms and which are subject to the local regulatory capital requirement of that regulator, that local regulatory capital requirement;
 - (2B) for entities not in (2A) that are regulated by a third country competent authority named in the table in ■ BIPRU 8 Annex 6R as it applied on 31 December 2021 and which is subject to the local regulatory capital requirement of that regulator, that local regulatory capital requirement; and

IPRU-INV 14/10

- (3) for other entities in the group, a notional financial resources requirement calculated as if the entity were regulated by the FCA.
- 14.5.3 G
- (1) For the purposes of rule 14.5.2(3) the notional financial resources requirements of group entities should normally be calculated as if the entities were subject to the financial rules in IPRU-INV relevant to the main *firm* in the group. The interpretation of 'main' given in 14.4.4 G applies here.
- (2) For the purposes of calculating an expenditure-based requirement, no account should be taken of expenses that have been recharged to another entity included in the scope of consolidation. For example, in calculating the notional requirement for a service company, the expenditure-based requirement should be calculated net of recharged expenses. This is to avoid double counting of the expenses.
- (3) [deleted]
- 14.5.4 G

A firm may apply for a waiver of rule 14.5.1R, to permit a line-by-line approach to determine its group financial resources requirement. A firm should also demonstrate that calculating its requirement in this way does not result in a distortion of the group financial resources requirement.

14 App 1 Appendix 14(1): Interpretation

App 1 Interpretation

14App1.1 G Glossary of defined terms for Chapter 14

If a defined term does not appear in the IPRU(INV) 14 glossary below, the definition appearing in the main Handbook *Glossary* applies.

ancillary services undertaking	an undertaking the principal activity of which consists of owning or managing property, managing data-processing services, or any other similar activity which is ancillary to the principal activity of one or more of the <i>firms</i> subject to this chapter.		
broad scope firm	as in the Glossary in IPRU(INV) chapter 3.		
contingent	the meaning in FRS 12 which states that it is:		
liability	(a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the entity's control or		
	(b) a present obligation that arises from past events but is not recognised because:		
	(i) it is not probable that a transfer of economic benefits will be required to settle the obligation; or		
	(ii) the amount of the obligation cannot be measured with sufficient reliability.		
consolidated su- pervision	the application of the financial rules in the Interim Prudential sourcebook for investment businesses in accordance with rules and guidance in 14.1.1 to 14.5.4.		
financial holding	an undertaking that satisfies the following conditions:		
company	(a) it is:		
	(i) a financial institution; or		
	(ii) a firm falling within IPRU-INV rule 14.1.1(1);		
	(b) is <i>subsidiary undertakings</i> are either exclusively or mainly:		

	(i) credit institutions;,
	(ii) investment firms;
	(iii) broad scope firms or undertakings carrying on activities which (if they were firms doing those activities in the United Kingdom) would make them broad scope firms; and
	(iv) financial institutions,
	one of which at least is a <i>credit institution</i> , a <i>firm</i> falling within IPRU-INV rule 14.1.1(1) or an investment firm; and
	(c) it is not a mixed financial holding company.
financial in- stitution	an undertaking other than a <i>credit institution</i> , the principal activity of which is to acquire holdings or to carry on a <i>listed activity</i> .
group financial resources	the resources of a <i>firm</i> 's group calculated in accordance with rules 14.4 (Group financial resources).
group financial resources re- quirement	the requirement that a <i>firm</i> 's group maintains financial resources calculated in accordance with the rules in 14.5 (Group financial resources requirement).
investment firm	investment firm as in the main Glossary except that it excludes persons to which the MiFID does not apply as a result of article 2 or 3 of the MiFID.
Material holding	a holding of –
	(a) ordinary share capital and non cumulative preference share capital; or
	(b) subordinated loan and non fixed-term cumulative preference share capital,
	in a credit institution or a financial institution where –
	(i) (a) or (b) above exceeds 10% of the share capital plus share premium of the issuer; or
	(ii) the aggregate of (a) and (b) above exceeds 10% of the <i>firm's own funds</i> , before deducting the holding.
Material insur-	the higher of –
ance holding	(1) the book value of an <i>investment</i> held in an insurance undertaking, reinsurance undertaking, or insurance holding company (<i>investment</i> for this purpose is either a <i>participation</i> or the <i>investment</i> in a subsidiary undertaking); or
	(2) the group's proportionate share of that undertaking's local or notional regulatory capital requirement."

Non-trading book in relation to a firm's business or exposures, means any posi-

tion, counterparty exposure or balance sheet item nit falling

within the definition of trading book.

parent any parent undertaking as defined in section 1162 of the

Companies Act 2006 and any undertaking which effectively

exercises a dominant influence over another undertaking.

participation a participation within the meaning of the UK provisions

which implemented Article 2, point (2) of the Accounting Directive or the ownership either direct or indirect of 20% or more of the voting rights or capital of another undertak-

ing which is not a subsidiary.

subsidiary as in section 1159(1) of the Companies Act 2006.

trading book as in the Glossary in IPRU(INV) chapter 5.

UK parent a firm's direct or indirect parent which has its head office in

the UK.

Chapter Annex

LIMITED LIABILITY PARTNERSHIPS: ELIGIBLE MEMBERS' CAPITAL

■ Release 49 ● Jul 2025

Annex A 1 INTRODUCTION

Application

- R This annex applies to any firm:
 - (1) that is a limited liability partnership; and
 - (2) that is a kind of firm to whom the provisions of this sourcebook apply.

Annex

R

In this annex, an expression in italics has the meaning given in the Handbook Glossary.

G Annex

- (1) Firms are reminded that a limited liability partnership incorporated under the Limited Liability Partnership Act 2000 is a body corporate with legal personality separate to that of its members and is not therefore a form of *partnership* for the purposes of this sourcebook.
- (2) A limited liability partnership is not a separate prudential categorisation under this sourcebook but a kind of firm for whom the appropriate provisions of this sourcebook are modified to the extent indicated in this annex.

.....

Purpose

Annex

G

The purpose of this annex is to amplify Principle 8 (Financial resources) which requires a firm to maintain adequate financial resources to meet its investment business commitments and to withstand the risks to which its business is subject. This annex imposes various conditions that must be satisfied for members' capital to count as "Tier 1" or equivalent grade capital in meeting the *limited liability partnership*'s financial resources requirement. These conditions are made up of conditions specific to limited liability partnerships. This assists in the achievement of the statutory objective of consumer protection.

[Note: BCD Annex V Part 2 point 57]

Annex

G

The following rules allow inclusion of members' capital within a firm's capital if it meets the conditions in this annex:

How eligible LLP members' capital should Chapter IPRU(INV) rule be treated for the purposes of the IPRU(-

INV) rule

IPRU-INV Annex A : LIMITED LIABILITY PARTNERSHIPS: ELIGIBLE MEMBERS' CAPITAL

3	Table 3-61	Eligible LLP members' capital may be counted as Tier 1 capital under item "A" within Table 3-61.
5	Table 5.2.2 (1): Item (1A)	Eligible LLP members' capital may be counted as Tier 1 capital within Category A of Table 5.2.2(1).
11	Table 11.4	Eligible LLP members' capital may be counted as Item (5) in Table 11.4.
13	Table 13.15.3(1)	Eligible LLP members' capital may be counted as capital resources relating to companies in IPRU-INV 13.15.3(1).

Annex A 2-**CONDITIONS FOR USE OF MEMBERS' CAPITAL**

Members' capital of a limited liability partnership

Annex

- In this sourcebook, members' capital of a limited liability partnership may be included within a firm's resources if it complies with:
 - (1) the specific conditions; and
 - (2) the general conditions.

Specific conditions for eligibility

Annex

- The specific conditions are that:
 - (1) members' capital is made up of the members' capital account; and
 - (2) the members' capital account is an account:
 - (a) into which capital contributed by the members is paid; and
 - (b) from which under the terms of the *limited liability partnership* agreement an amount representing capital may be withdrawn by a member only if:
 - (i) he ceases to be a member and an equal amount is transferred to another such account by his former fellow members or any person replacing him as a member;
 - (ii) the *limited liability partnership* is wound up or otherwise dissolved: or
 - (iii) the firm has ceased to be authorised or no longer has a Part 4A permission.

General conditions for eligibility

Annex

- The general conditions in respect of the *members*' capital are that:
 - (1) it is fully paid and the proceeds are immediately and fully available to the firm;
 - (2) it is not capable of being redeemed at all (otherwise than in the circumstances set out in the specific conditions) or can only be redeemed on a winding up of the firm;
 - (3) any coupon is non-cumulative;

IPRU-INV Annex A: LIMITED LIABILITY PARTNERSHIPS: ELIGIBLE MEMBERS' CAPITAL

- (4) it is able to absorb losses to allow the firm to continue trading;
- (5) the amount of the item included is net of any foreseeable tax charge;
- (6) it is available to the *firm* for unrestricted and immediate use to cover risks and losses as soon as they occur;
- (7) it ranks for repayment on a winding up of the *firm* no higher than a *share* of a company incorporated under the Companies Act 2006 (whether or not it is such a share); and
- (8) the firm is under no obligation to pay a coupon on it at any time.

Surplus eligible LLP members' capital

Annex

If a *firm* has surplus *eligible LLP members*' *capital* that it wishes to repay in circumstances otherwise than those in the specific conditions, it may apply to the *FCA* for a *waiver* to allow it to do so. If a *firm* applies for such a *waiver* the information that the *firm* supplies to support the application might include:

- (1) a demonstration that the *firm* would have sufficient financial resources to meet its financial resources requirement immediately after the repayment; and
- (2) a two to three year capital plan demonstrating that the *firm* would be able to meet the requirements in (1) and (2) at all times without needing further capital injections.

Limited liability partnership excess drawings

Annex

R

A firm which is a limited liability partnership must in calculating its Tier 1 or equivalent grade capital in accordance with the requirements of any chapter of this sourcebook deduct the amount by which the aggregate of the amounts withdrawn by its members exceeds the profits of that firm ("excess LLP members' drawings"). Amounts of eligible LLP members' capital repaid in accordance with the specific conditions are not to be included in this calculation.
